ESSENTIAL ELEMENTS®

for Strings

A COMPREHENSIVE STRING METHOD

BY
MICHAEL ALLEN
ROBERT GILLESPIE
PAMELA TELLEJOHN HAYES

ARRANGEMENTS BY
JOHN HIGGINS

Fully compatible with
Essential Elements 2000

HAL LEONARD®
CORPORATION

Includes a reproducible CD-ROM

[The body of the document contains extremely faint, illegible text, likely due to poor scan quality or intentional redaction. The text appears to be organized into paragraphs and possibly sections, but no specific content can be discerned.]

ESSENTIAL ELEMENTS FOR STRINGS

A COMPREHENSIVE STRING METHOD

MICHAEL ALLEN • ROBERT GILLESPIE • PAMELA TELLEJOHN HAYES
ARRANGEMENTS BY JOHN HIGGINS

ESSENTIAL ELEMENTS INCLUDES:

Comprehensive Pedagogy

- Address the *process* of teaching and learning.

Melodic Approach

- Early pizzicato tunes develop ear and hand.

Integrated Curriculum

- Theory, history, and multiculturalism in the examples.

Innovative Rhythm System

- Graphics, subdivision, and easy-to-learn sequence.

Easy Note Reading

- Easy notes thoroughly reinforced with note names.

Broad Musical Spectrum

- Classics to contemporary-designed to motivate.

AVAILABLE PUBLICATIONS

Violin

Viola

Cello

Double Bass

Piano Accompaniment

Play-Along CDs

EE String Orchestra Series

ISBN 978-0-634-03816-7

TABLE OF CONTENTS

The *Essential Elements for Strings* Teacher Manual Book 1 is designed to serve as a resource for all your string teaching needs. It contains teaching tips for every page of *Essential Elements for Strings* Book 1. It also includes sample letters for communicating with parents, sample test forms for evaluating students' playing skills, guidelines for instrument care, sizing students for instruments, a keyboard chart, and words to some of the familiar melodies throughout the book. National standards for teaching strings as well as a resource list of additional materials to help you in your teaching are provided.

USING ESSENTIAL ELEMENTS FOR STRINGS

Essential Elements for Strings is a comprehensive method for string musicians, and can be used with heterogeneous and like-instrument classes or individuals. It is designed with fail-safe options for teachers to customize the learning program to meet their changing needs.

The Teacher Manual includes all the music and text from the student books, plus time-saving **EE Teaching Tips** throughout the score. As in the student books, the introduction of a new concept is always highlighted by a **color box**.

STARTING SYSTEMS

INSTRUMENT POSITION

- Guitar Position
- Shoulder Position

SHAPING THE LEFT HAND

- Higher numbered fingers first to help shape the hand
- Pizzicato reinforced first so that bowing skills may be developed separately for mastery before combining with left hand skills
- *Work-outs* – rote activities for developing left hand skills

LISTENING SKILLS

- Included for each new pitch to develop intonation skills.

BOW BUILDERS

- Seven carefully sequenced activities for developing string students' beginning bowing skills.

RHYTHM RAPS

After establishing the quarter note pulse, all new rhythms are presented in the innovative **Rhythm Rap** format. Each Rhythm Rap may be clapped, tapped, counted aloud or silently, shadow bowed (bowed in the air), or bowed on an open string. After each Rhythm Rap, the identical rhythms are played on simple pitches in the next exercise.

PLAY-ALONG TRACKS

Play-along tracks are available for all exercises in the book. From the very beginning, students can model tone production and technique by listening to a professional orchestra.

For classroom use, the Teacher Manual includes a play-along CD featuring the same exercises, with a small string ensemble demonstrating the melody part.

Each track is played twice—the second time is the accompaniment only. There is a one measure count-off before each track, with metronome clicks that are subdivided by soft cymbal notes. These tracks are performed on real instruments that support phrasing and dynamics, teaching musicality from the start. They explore a rich variety of musical styles and cultures, including classical, rock, jazz, country, and world music.

These tracks are also available online at:
www.myeelibrary.com

PERFORMANCE SPOTLIGHTS

Carefully selected music that reviews skills and technique, and may be used for concert performance.

EE SKILL BUILDERS

Technical exercises to reinforce important playing skills.

MUSIC THEORY, HISTORY, AND CROSS-CURRICULAR ACTIVITIES

All the necessary materials are woven into the learning program—right in the student books. With teaching time in short supply, it would normally be impractical to take class time to relate music to history, world cultures or to other subjects in the curriculum. But *Essential Elements for Strings* correlates these activities with the concepts and music throughout the program. These Theory and History features are highlighted by **color boxes** and appear throughout the book.

As a result, teachers can efficiently meet and exceed the **National Standards for Arts Education**, while still having the time to focus on music performance skills.

CREATIVITY

Essential Creativity exercises appear throughout the book. These are preliminary activities designed to stimulate imaginations, and to foster a creative attitude toward music. Strategies for completing each Essential Creativity exercise are included in the student book. Additional suggestions are included in the Teacher Manual.

ASSESSMENT

ESSENTIAL ELEMENTS QUIZZES

Playing quizzes appear throughout the student books. Objectives highlight the exact elements being reviewed and tested. Review exercises in the Teacher Manual suggest specific examples for students requiring additional practice. Be certain students meet your performance expectations on each quiz.

A **Star Achiever** chart is provided in the Teacher Manual. It lists all the Essential Elements Quizzes and Essential Creativity exercises. This chart should be reproduced and distributed to each student.

EE CHECKS

EE Checks appear throughout *Essential Elements for Strings*. They are special reminders for students to evaluate the playing skills that have just been introduced.

Additional Resources Available...

PIANO ACCOMPANIMENT BOOK

Piano accompaniments for each exercise are provided in a separate book, but are also printed in the Teacher Manual. These easy accompaniments have been arranged to match the style and harmony of the accompaniments heard on the play-along CDs. They may be used for teaching or performance and offer a variety of styles, from classical to contemporary popular music. You may want to alter these piano accompaniments to meet your specific needs.

CORRELATED MATERIALS

The Essential Elements for Strings Series includes original and popular music, arranged for beginning strings. Each publication is correlated to one of five specific "levels" within Books 1 and 2 (see the Sequence Of Essential Elements chart in the Teacher Manual for details). Contact your music dealer or the publisher for information on the latest releases in this series.

ESSENTIAL ELEMENTS FOR STRINGS BEGINNING SKILLS TEACHING SEQUENCE

Beginning string students need to learn many different skills when first learning to play their string instruments: Left Hand (posture, instrument position, left hand shape, and finger dexterity), and Right Hand (bow hand shape and detache bowing). Each of these skills needs to be introduced separately, and then developed simultaneously. *Essential Elements for Strings* is designed so that students can learn each of these skills sequentially and independently, leading to mastery. For ease of reference, the following diagram outlines the introduction and integration of each of these skills.

PARENT COMMUNICATION & STUDENT EVALUATION

Teacher

Communication with parents is an essential element for a successful orchestra program. The following letters and "Message For Parents" provide valuable information for orchestra parents. Feel free to adapt or make photocopies of these materials for your use. The letters include the following topics:

- Recruiting students
- "Message To Parents" explaining benefits of string study
- Guidelines for obtaining an instrument
- After the first week of study
- After 3–4 weeks of study
- Midyear practice encouragement
- When a student is discouraged or considering dropping out
- Instrument maintenance needed
- When student forgets instrument for class
- Concert Etiquette
- When students are signing up for next year's classes

The evaluation forms and reports include the following:

- Progress Report
- Position Evaluation
- Orchestra Progress Report
- Orchestra Class Interim Report
- Performance Evaluation (2)
- Practice Record

DATELINE: Distribute to all students when recruiting

Dear Parents:

(Name of school or school district) is pleased to be able to offer beginning strings instruction to students in the (grade level) grade this year. Orchestra classes will meet during the school day and will be free of charge. Instruction will be offered on violin, viola, cello, and bass. In order for your child to participate in these classes, it will be necessary for you to furnish an instrument. Local music stores offer very reasonable rental or lease plans for these instruments. Please do not obtain an instrument until your child has received a written notice of the exact instrument needed.

String instrument instruction will continue to be available to your child through the 12th grade. Learning to play an instrument and belonging to the school orchestra opens up a whole new world of friendship and fun. Your child will be able to take advantage of music performances with orchestras at the (middle school or junior high) and high school levels. The opportunities for playing a string instrument after high school are abundant, with many universities offering scholarships for orchestra participation. Orchestra provides a great foundation for your child in all aspects of life. In addition to music, students learn self-discipline, group cooperation, problem-solving, goal-setting, self-expression, memory skills, concentration, poise, enhanced physical coordination, high self-esteem, and the importance of teamwork—skills in great demand in almost every aspect of life. Like all the arts, music has a profound effect on the academic success of students as well.

If you wish to enroll your child, please complete and return the application form to the orchestra teacher at the school. If additional information is desired, please feel free to contact me at (phone number).

Cordially,

Orchestra Teacher

MESSAGE TO PARENTS

A Parent's Guide To Enhancing Your Child's Musical Experiences

CONGRATULATIONS

Your decision to provide your child with a quality musical instrument is an investment in your child's future. In making it possible for your child to play a musical instrument, you are providing the opportunity for self-expression, creativity, and achievement.

Numerous studies indicate that parental attitude, support and involvement are important factors in a child's ability to successfully learn to play and enjoy music.

These guidelines are designed to assist you in giving your child the best support possible for his or her musical endeavors. Like any skill, interest counts far more than talent. With strong support from you, playing music will become a natural part of your child's life.

BENEFITS

For Your Child

Music participation enhances:

- Problem-solving
- Teamwork
- Goal-setting
- Self-expression
- Physical coordination
- Memory skills
- Self-confidence and esteem
- Concentration
- Poise
- and much, much more!

For Your Family

- A child's music study also offers opportunities for shared family experiences, including:
- Musical event attendance
- Family music-making
- Performing for, and with, family and friends
- Learning about the lives of composers and the cultural heritage of many civilizations
- A sense of accomplishment and pride for the entire family

HOW YOU FIT IN

Always keep in mind that your support is an essential element in your child's success with music study.

Schedule Practice Times

Music achievement requires effort over a period of time. The time in orchestra rehearsal is limited. New concepts learned at school need daily personal practice time by your child at home in order for these new skills to be developed. You can help your child by:

- Providing a quiet place in which to practice
- Remaining nearby during practice times as often as possible
- Scheduling a consistent daily time for practice
- Praising your child's efforts and achievements

WHAT TO DO

To give your child the best possible support, you should:

- Remind your child to bring instrument and music to orchestra class
- Encourage your child to play for family and friends
- Offer compliments and encouragement regularly
- Expose your child to a wide variety of music, including concerts and recitals
- Encourage your child to talk with you about classes
- Make sure your child's instrument is always maintained well
- Listen to your child practice, and acknowledge improvement
- Help your child build a personal music library
- Encourage your child to make a commitment to his or her music studies
- Get to know your child's teacher

WHAT TO AVOID

- Using practice as a punishment
- Insisting your child play for others when he/she doesn't want to
- Ridiculing or making fun of mistakes of less-than-perfect playing
- Apologizing to others for your child's weak performance

TO MAINTAIN YOUR CHILD'S INTEREST

- Talk with your child if his or her interest begins to decline
- Discuss with the orchestra teacher ways to maintain your child's enthusiasm for playing
- Increase your enthusiasm and involvement in your child's playing

CREDITS

This message has been adapted from publications by the following organizations in the interest of making music study and participation an enjoyable and richly rewarding experience for children and their families. Hal Leonard Corporation appreciates the cooperation of these organizations for graciously allowing us to reprint this important message.

DATELINE: Distribute to students once they have been measured for an instrument

PLEASE TAKE THIS FORM WITH YOU TO THE MUSIC STORE

_____ is officially enrolled in the (name of school) Orchestra Program. An instrument may be obtained from any of our local music stores who have agreed to stock the proper sizes and specifications for our school. These stores have reasonable lease, rental, and/or trial-purchase plans available. You may do business with any store you prefer. They are listed in alphabetical order.

(List names of music stores with addresses, phone numbers, and contact persons)

If you are considering purchasing an instrument from another source, we suggest you call on us to assist you in evaluating it, as one of the principle causes of pupil failure is an inferior instrument. You should obtain the following for your child:

1. Instrument _____ Size _____
2. *Essential Elements for Strings*, Book I (be sure the book has the same name as the instrument)
3. A folding metal music stand
4. A shoulder pad for violins and viola
5. A rock stop for cellos and basses (sometimes this is included with the instrument)
6. Stool for basses; if needed
7. A pencil - BRING TO EVERY CLASS!
8. A soft cloth to keep the instrument clean
9. Rosin

Students enrolling in orchestra must understand that they are making a commitment to daily practice at home. Good practice habits and a positive attitude have a great effect on the success your child will achieve through this class.

Parents are urged to consult the teacher any time a question or problem arises. The earlier a positive working relationship is reached between child, parent and teacher, the greater your child's success will be.

Sincerely,

Orchestra Teacher

DATELINE: Send first week of the program

Dear Parents:

Congratulations on enrolling your child in the orchestra! Orchestra is one of the most rewarding and exciting educational opportunities offered by our schools. Your investment will pay tremendous dividends in your child's life for many years to come.

Music provides students with a wealth of benefits. In addition to obtaining the musical skills needed to become a performer, a child learns skills that can be used in every facet of life. Team work, dedication, self-discipline and responsibility prepare a child for a successful future in any profession he/she may choose. A variety of research shows that music students are among the academically strongest in their schools and score higher on the SAT than other students. Most colleges and universities now look for more than good grades on a child's transcript. They want well-rounded students that have been able to accomplish more than textbook knowledge.

You do not have to know anything about music to assist your child in this new endeavor. Arrange a time and place where practice can be done without interruptions. This practice should become a part of each child's daily routine. He/she should never merely put in the required time, but should practice with the goal of always improving. Music should be placed at eye level. Please do not allow your child to put the music on a table, bed, etc. This encourages poor playing posture. Remember, practice doesn't necessarily make perfect, but PERFECT practice does!

Again, I congratulate you on enrolling your child in the orchestra. As the year progresses, I hope you will feel free to contact me whenever necessary.

Sincerely,

Orchestra Teacher

DATELINE: Send 3-4 weeks into the program

Dear Parents:

It is a pleasure to have your child in the (name of school or school district) Orchestra Program. This school district offers string instruction from the (grade level of beginners) through the 12th grade. The program is a continuous one, and I hope to see every student performing in the high school orchestra some day. Your interest and support is a lifetime investment for your child.

All beginning classes are now underway, and I'm sure your child has already performed for you. Proper care of the instrument is encouraged. Students have been shown how to handle the instrument so as not to harm it. I suggest that no one else handle the instrument unless they have your permission and your child's instructions.

During the first several weeks of class the primary emphasis has been on developing good playing position as well as correct posture. Failure to master these concepts can hamper a student's ability and progress for years to come. Thus, these first few weeks are the most critical. This cannot be overemphasized! Practice is needed to develop the coordination and strength necessary to play a stringed instrument. A practice "marathon" cannot accomplish the same results as consistent daily practice. Your encouragement is a very important ingredient for your child's success right now.

Report cards will be sent home every (number) weeks so that you may follow your child's progress. Please encourage (student's name) to demonstrate for you and other supportive family members what he/she has learned and be generous in your praise and encouragement. Help (student's name) to remember his/her instrument and materials for class. A child takes pride not only in learning to play, but in learning to play well.

As questions or problems arise, please feel free to contact me. I hope that your child's experience with the orchestra is a successful one.

Sincerely,

Orchestra Teacher

DATELINE: Send as needed

Dear Parents:

Now that our school year is (nearly halfway completed), I would like to touch base with you regarding your child's participation in the orchestra. We've had a very good year so far, and the orchestra shows a lot of promise. I am very proud of all of the students and the progress they have made.

Keep in mind that the beginning of the year had the excitement of a new instrument and a new activity. Then came the excitement of being able to perform that first tune, followed by the thrill of a public performance complete with lots of applause and proud parents. Now that all of that is gone, we have settled back into the routine of learning to develop new technical skills. Don't be surprised if your child experiences some decrease in interest during this time. It is completely normal. However, with your continued support and encouragement, we can overcome any decline in enthusiasm and reach for the next performance level.

Your child may need EXTRA encouragement during the next few weeks to continue good practice habits and performance in class. These are the formative years and how (he/she) handles situations now can determine the way (he/she) approaches every aspect of life. Though the requirements for learning an instrument often demand a high level of personal discipline, it is this same discipline which will be applied as a habit to all tasks in life, especially (his/her) academic success right now. A child must learn that long range benefits of a task only come from long range commitment and dedication.

Please contact me at your earliest convenience if you would like to discuss any aspect of your child's performance in orchestra class. I am anxious to do all I can to assist you in the successful development of your child's abilities.

Sincerely,

Orchestra Teacher

DATELINE: When a student is discouraged or considering dropping out

Dear (Name of Parent):

I want to express my concern that (name of child) seems to be experiencing some decline in interest in orchestra class. I want you to know that while this is a very normal occurrence, it is important to address immediately. A child experiences a variety of levels of interest during the first year of study. However, it is not common for (him/her) to consider dropping out of the program completely.

As a parent, I ask you for your extra support and encouragement during this time. Do not make a hasty decision, something which you and your child could regret for years to come. Everyone experiences periods of discouragement during (his/her) music study. We all know that it is easy to start a task, but making it to the finish line takes persistence, especially when the going gets rough. I have met countless adults who say, "I wish I hadn't quit" or "I wish I would have had the opportunity to play when I was in school." Of course, there are times when pushing a child too far can have the opposite effect and make the child resentful of music in the future. Neither one of us wants this to happen. There is a fine line between the two, and it is sometimes difficult to distinguish what is best for each child.

Thus, the purpose of this letter is simply to ask that we work together to make the best possible decision for your child's future. Please contact me at your earliest convenience to discuss the matter. I will support whatever decision you feel is best for your child.

Sincerely,

Orchestra Teacher

DATELINE: Send as needed

To the parents of:

Proper instrument maintenance and equipment is essential for each student. An instrument must be in excellent condition or it will hamper a student's progress. The checklist below is for your assistance. When the necessary items have been corrected, please return this sheet to the instructor.

_____ Clean body of fingerprints, rosin dust, etc. USE ONLY POLISH MADE ESPECIALLY FOR STRINGED INSTRUMENTS WHICH IS AVAILABLE AT A MUSIC STORE.

_____ String(s) need to be replaced.

_____ Bridge needs to be replaced. Please be sure the bridge is properly fitted by a repairman. You must take the instrument with you to the music store. Simply buying a bridge will not solve the problem.

_____ Soundpost must be set-up and adjusted inside the instrument.

_____ A shoulder pad is needed to support the instrument properly. It is suggested that the student take the instrument with him and try out several to find the one that is the most effective.

_____ A rock stop is needed.

_____ The bow needs to be rehaired.

_____ Rosin is needed.

_____ The fine tuner needs to be repaired or replaced.

_____ Repair bass stool as needed.

_____ A cloth is needed to keep in the case. (Any soft cloth will work.)

_____ Other:

Remember to have your child return this letter to me when the above item(s) have been corrected. If you need further information, please feel free to contact me.

Sincerely,

Orchestra Teacher

DATELINE: Send when student forgets instrument for class

Dear parents:

Your child was without an instrument in orchestra class today. In an effort to assure that he/she does not fall behind in class, I asked your child to make detailed notes of the material covered during class. It is important for your child to practice this material at home today so that his/her grade will not be affected. Please have your child return this paper with your signature tomorrow.

Sincerely,

Orchestra Teacher

Parent's Signature _____

CLASS NOTES (use back if needed):

DATELINE: Send before concerts-Concert Etiquette

Dear Parents:

The students have made great progress in learning the fundamentals of playing their string instrument. They are so excited to perform for you and friends! As this may be the first time they have ever performed in a formal concert setting, please help them prepare by reviewing these guidelines together for proper concert etiquette. These also include suggestions for audience behavior expectations to help you.

Date of the concert: (day) _____, date _____.

- Students should arrive early enough before the concert begins for tuning and warm-up. Students should arrive at (concert site) _____ by (time) _____.
- Students should arrive at the concert site in proper concert attire. Clothes should be neat and clean. Boys should wear: _____; girls should wear: _____.
- Be sure your child brings his/her music, instrument, and bow to the concert. The students will be excited, so it will be easy for them to forget.
- Students should sit quietly on stage during the concert and acknowledge applause of the audience as directed by the teacher. During the concert the students should focus their attention on their director. They should avoid looking at the audience. Students should especially watch the director closely for all starting and stopping cues.
- Remind students that it is inappropriate for them to eat, drink, or chew gum during a concert.
- During the concert students should maintain good posture and a positive stage presence at all times when on stage. They are not only representing themselves, but also the entire orchestra.
- Encourage your child to play with his/her best effort. One purpose of a concert is to show the audience the great progress made. Of course, students should must enjoy making beautiful music!

Thanks so much for letting me teach your child. The children have worked very hard and are eager to perform for you and your family and friends. Maybe your child has already played for you some of the music that will be performed. I look forward to seeing you at the concert!

Sincerely,

Orchestra Teacher

DATELINE: Send when students are signing up for next year's classes

Dear Parents:

I know you share my pride in your child's progress in orchestra this year. The personal discipline and commitment have paid off many times over. We've had a GREAT year!

It is now the time of year when students must schedule classes for the coming year. Make certain that orchestra is part of that schedule. If there is ANY indecision or scheduling problems concerning your child's future participation in the orchestra program, please make an appointment with me so we can discuss this matter. Sometimes it may seem that required courses allow no room for electives, but there are many ways to include orchestra in your child's schedule.

I want your child to enjoy continued positive growth during his/her educational career. Group participation enhances self esteem, and there is nothing that brings out a sense of personal contribution quite like being in the orchestra. You have made a great investment in your child's future, and there are many benefits still ahead.

Again, I encourage your communication in this important step. If you have any questions, please feel free to call me at school (#) or home (#). I am your partner in seeing that your child has the opportunity to continue his/her important musical development.

Sincerely,

Orchestra Teacher

Dear Parents:

After (number of weeks) in orchestra, we have completed (number) pages in *Essential Elements for Strings* Book 1. We are continuing to have a good year, and I am very proud of our progress. Thank you for all of the support you have offered to this success. What follows is a progress report for your child.

PROGRESS REPORT

Student's Name _____

Letter Grade: _____

	1 = outstanding	2 = above average	3 = average	4 = below average

MUSIC — AN ESSENTIAL ELEMENT OF LIFE

Teacher Discuss with students the key elements in the first paragraph on student book page one. Congratulate students on their decision to play a string instrument. Stress that much of their success as a new musician will depend on the degree and quality of their practice. Point out the life-long learning and playing experiences possible with string instruments. Briefly discuss your musical experiences with string instruments, both as an avocation and career.

A brief instrument history also appears on student book page one. Consider showing students photos of early string instruments. Students like to hear stories about some of the most famous instrument makers such as Guarnieri, Amati, and Stradivarius. Also showing photos and playing recordings of famous string instrument performers helps develop students' interests in playing string instruments. Talk about the history of your string instrument and bow.

HISTORY OF THE INSTRUMENTS

Violin

The string family includes the violin, viola, violoncello, and the double bass. The violin dates back to the 16th century. The early ancestors of the violin were the Arabian rebab and rebec, popular during the 14th–16th centuries. During the 1500s, there were two types of viols: the viola da gamba, played on the knee, and the viola da braccia, played on the shoulder.

Gasparo da Salo, an Italian instrument maker, developed the present day violin during the 16th century. Da Salo and Nicolo Amati are credited with establishing the design of today's violin, which has survived with only a few minor changes. Antonio Stradivari, and the Guarneri and Guadagnini families were famous instrument makers from the 17th and 18th centuries, and their violins are still in use today.

Nearly every composer has written music for the violin, including Johann Sebastian Bach, Ludwig van Beethoven, and Peter Illyich Tchaikovsky. Famous violin performers include Midori, Isaac Stern, Stéphane Grapelli, Itzhak Perlman, Jascha Heifetz, Joshua Bell, and Mark O'Connor.

Viola

The string family includes the violin, viola, violoncello, and the double bass. The early ancestors of the string family were the Arabian rebab and rebec, popular during the 14th–16th centuries. The viola is the oldest of the modern string instruments, and the word "viola" was used to describe many different string instruments until the 18th century. Today's violas look like violins, though they are larger and longer.

The sound of the viola includes notes lower than the violin and has a particular mellow quality that is darker and richer. The viola is often referred to as the alto voice of the orchestra. Antonio Stradivari, and the Guarneri and Guadagnini families were famous instrument makers from the 17th and 18th centuries, and their violas are still in use today.

Many important composers have been violists, including Wolfgang Amadeus Mozart and Paul Hindemith. Other composers known for their viola compositions include Hector Berlioz, Ernest Bloch, and Bela Bartok. Famous viola performers include Walter Trampler, Lionel Tertis, Donald McGinnis, and William Primrose.

Cello

The string family includes the violin, viola, violoncello, and the double bass. The early ancestors of the string family were the Arabian rebab and rebec, popular during the 14th–16th centuries. During the 1500s, there were two types of viols: the viola da gamba, played on the knee, and the viola da braccia, played on the shoulder.

The sound of the violoncello, called 'cello' for short, is pitched an octave below the viola. The cello has a warm tone and is capable of playing a wide range of dynamics. It is often referred to as the tenor of the orchestra. Antonio Stradivari, and the Guarneri and Guadagnini families were famous instrument makers from the 17th and 18th centuries, and their cellos are still in use today.

Nearly every composer has written music for the cello, including Johann Sebastian Bach, Ludwig van Beethoven, and Peter Illyich Tchaikovsky. Famous cello performers include Janos Starker, Leonard Rose, Pablo Casals, and Yo Yo Ma.

Bass

The string family includes the violin, viola, violoncello, and the double bass. The double bass (also called the 'string bass' or the 'bass' for short) is the most versatile of all the string instruments. At home in the symphony orchestra, jazz combo, concert band, and the dance band, the double bass provides the harmonic foundation in many styles of music.

The double bass sounds much lower than the cello and is tuned differently than the other instruments of the string family. Gasparo da Salo is credited with being the first to make a double bass in its present form. Other famous double bass makers include Carlo Guiseppe Testore, Carlo Bergonzi, and John Frederick Lott.

Nearly every composer has written music for the double bass, including Johann Sebastian Bach, Ludwig van Beethoven, and Peter Illyich Tchaikovsky. Famous double bass performers include Gary Karr, Francois Rabbath, Ron Carter, Milt Hinton, and Ray Brown.

Teacher Essential Elements Instructional Design

Students need to develop mastery of their instrument position, left hand shape, and fingering skills before combining with bowing skills. This method has been designed to develop students' right and left-hand skills simultaneously, but independently. This sequence of learning promotes mastery, and greatly helps your students learn to properly play their string instrument.

The following instructions appear on page 2 of each student book. Review the principal parts of the instruments, and point out the need to handle string instruments carefully. They are fragile and easily damaged. Have students state the name of each instrument part as they are touching it.

Violin

Viola

Violin/ Viola

Instruct students to leave the bow in their case until they have developed their bow hand shape on a pencil, pen, or straw. Students need to develop mastery of their instrument position, left hand shape, and finger dexterity before combining with bowing skills.

Cello

Bass

Cello/
Bass

Instruct students to take the bow out of the case before removing the instrument. This will help protect the bow from being damaged. At the end of class, students should loosen the end pin screw, carefully push the end pin in the instrument, put the instrument in the case, and then return the bow to the case.

Teacher Demonstrate and lead each instrument through the four instrument-position steps on student book page 3. Then lead the students as a class through the four steps. Be sure to carefully check each student's instrument position so that an acceptable instrument position may be established right from the start. Practice leading the students through the four steps many times so that correct instrument position habits may be secured.

Have students compare their posture and instrument position to the drawings on student book page 3. Students may also assist the teacher by comparing their classmates' posture and instrument to the drawings. Actively employing students in the teaching process helps them be aware of their own playing skills.

Violin

HOLDING YOUR INSTRUMENT

The best way to learn to play your instrument is to practice one skill at a time. Repeat each step until you are comfortable demonstrating it for your teacher and classmates.

Many violin players begin by playing their instrument in guitar position. As you learn the basics, your teacher will help you change to shoulder position.

Guitar Position

- Step 1** Place the instrument case flat on the floor with the handle facing you. Open the case and lift the instrument up by the neck. Identify all parts of the violin.
- Step 2** Cradle the violin under your right arm. Raise the scroll to shoulder height. Be sure the back of the violin is flat against your stomach.
- Step 3** Identify the letter names of each string: G (lowest pitch), D, A, E.
- Step 4** Raise your right thumb over the strings while continuing to hold the instrument. Pluck the strings as directed by your teacher. Plucking the strings is called *pizzicato* and is abbreviated *pizz.*

Shoulder Position

- Step 1** (Grandma's) - Stand with feet about a shoulder's width apart. (Daddy's) - Sit on the front part of the chair.
- Step 2** Turn your left foot to the 10 o'clock position. Slide your right foot back. Adjust your position to place more weight on your left foot.
- Step 3** Hold your instrument at eye level parallel to the floor. Curve your left hand around the upper bout. Find the end button with your right hand.
- Step 4** Bring the instrument down to your shoulder. The end button should be near the middle of your neck. Turn your head slightly to the left and place your jaw on the chin rest. Be sure the scroll does not point toward the floor.

Guitar Position
Shoulder Position

Viola

HOLDING YOUR INSTRUMENT

The best way to learn to play your instrument is to practice one skill at a time. Repeat each step until you are comfortable demonstrating it for your teacher and classmates.

Many viola players begin by playing their instrument in guitar position. As you learn the basics, your teacher will help you change to shoulder position.

Guitar Position

- Step 2** Cradle the viola under your right arm. Raise the scroll to shoulder height. Be sure the back of the viola is flat against your stomach.
- Step 3** Identify the letter names of each string: C (lowest pitch), G, D, A, E.
- Step 4** Raise your right thumb over the strings while continuing to hold the instrument. Pluck the strings as directed by your teacher. Plucking the strings is called *pizzicato* and is abbreviated *pizz.*

Shoulder Position

- Step 1** (Grandma's) - Stand with feet about a shoulder's width apart. (Daddy's) - Sit on the front part of the chair.
- Step 2** Turn your left foot to the 10 o'clock position. Slide your right foot back. Adjust your position to place more weight on your left foot.
- Step 3** Hold your instrument at eye level parallel to the floor. Curve your left hand around the upper bout. Find the end button with your right hand.
- Step 4** Bring the instrument down to your shoulder. The end button should be near the middle of your neck. Turn your head slightly to the left and place your jaw on the chin rest. Be sure the scroll does not point toward the floor.

Guitar Position
Shoulder Position

Violin/ Viola

Demonstrate your preferred method of holding the instrument. Many teachers instruct their beginning violin and viola students first to play in guitar position. Playing in guitar position requires fewer specific teacher instructions. This helps students easily pizzicato open strings on the first day of class. Guitar position also enables students to more easily develop their left-hand position separately while they are gradually developing shoulder position playing skills.

Playing in shoulder position is a skill that students develop over a period of time. As students' left-hand shapes are developing in guitar position, begin to gradually introduce shoulder position. When ready, have students first learn how to hold the instrument on their shoulder, and then begin to pizzicato. Be sure students have some type of commercial shoulder pad, or material such as foam rubber, to provide adequate instrument support in shoulder position. There should be friction between the material and the student's clothing to help prevent the instrument from slipping. To determine the proper height of the shoulder pad, a student's jawbone should generally be parallel to the floor when the instrument is in shoulder position. Note that the button of the instrument is positioned at or near the center of the player's neck.

Cello

HOLDING YOUR INSTRUMENT

The best way to learn to play your instrument is to practice one skill at a time. Repeat each step until you are comfortable demonstrating it to your teacher and classmates.

- Step 1** Remove the bow from the case and put it in a safe place. Open the case and remove the cello. Identify all parts of the cello.
- Step 2** Adjust the length of the end pin so that the heel of the cello is near your nose when standing.
- Step 3** Sit on the front half of your chair with your feet positioned underneath your knees. Place the end pin directly in front of you one arm's length away.
- Step 4** Lean the cello slightly to the left and allow the instrument to rest against your chest. The "C" peg should be near your head behind your left ear, and both knees should touch the cello just below the "C" bowl. It may be necessary to readjust the length or position of the end pin. Identify the letter names of each string: C (lowest pitch), D, E, A, and G (highest pitch). Place your right index finger over the strings and pluck them as directed by your teacher. Plucking the strings is called *pizzicato*, and is abbreviated *pizz*.

Step 2

Step 3

Step 4

Bass

HOLDING YOUR INSTRUMENT

The best way to learn to play your instrument is to practice one skill at a time. Repeat each step until you are comfortable demonstrating it to your teacher and classmates.

Holding The Double Bass (sitting)

- Step 1** Remove the bow from the case and put it in a safe place. Open the case and remove the bass. Identify all parts of the bass.
- Step 2** Adjust the length of the end pin so that the heel of the bass is near the top of your forehead when standing.
- Step 3** Sit squarely on the front half of the stool with your right foot on the floor and your left foot on a rung of the stool. Place the end pin in front of your left foot about one arm's length away.
- Step 4** Rotate the bass slightly to the right and lean the bass toward your body so that the upper bout rests against the left side of your stomach. Identify the letter names of each string: E (lowest pitch), A, D, G, and C (highest pitch). Place your right index finger over the strings and pluck them as directed by your teacher. Plucking the strings is called *pizzicato*, and is abbreviated *pizz*.

**Holding The Double Bass (standing)**

- Step 1** Remove the bow from the case and put it in a safe place. Open the case and remove the bass. Identify all parts of the bass.
- Step 2** Adjust the length of the end pin so that the heel of the bass is near the top of your forehead when standing.
- Step 3** Place the end pin in front of your left foot about one arm's length away. Place your left foot slightly forward.
- Step 4** Rotate the bass slightly to the right and lean the bass toward your body so that the upper bout rests against the left side of your stomach. Identify the letter names of each string: E (lowest pitch), A, D, G, and C (highest pitch). Place your right index finger over the strings and pluck them as directed by your teacher. Plucking the strings is called *pizzicato*, and is abbreviated *pizz*.

Bass

Students may play the bass standing or sitting. The authors suggest that beginning students play the bass while sitting on a stool. This helps balance the bass, freeing the player's left hand from holding the bass in the beginning stages of playing. Inexpensive thirty-inch stools may be purchased from local hardware stores for students to use. However, be sure that the length of the legs of the stool allows the player's right foot to rest flat on the floor comfortably. This may require either trimming the legs of the stool or purchasing a commercially adjustable stool.

Teacher Elements of reading music are first introduced on student book page 4. Have students say or sing the letter names of the pitches, as well as say "rest" during the quarter rests. Note names appear inside each note on exercises 1–9 to help beginners recognize note names and their location on the staff.

Beat = The Pulse of Music

The **beat** in music should be very steady, just like your pulse.

Quarter Note ♩ = 1 Beat of Sound

Notes tell us how high or low to play, and how long to play.

Quarter Rest { = 1 Beat of Silence

Rests tell us to count silent beats.

Music Staff

The **music staff** has 5 lines and 4 spaces.

Bar Lines

Bar lines divide the music staff into **measures**.

Measures

The **measures** on this page have four beats each.

THEORY

Teacher If you are going to use the *Essential Elements for Strings* accompanying CD in class begin by playing track one: Tuning Track. Compare and tune each of the student's instruments open strings to the CD. To save time tune only those strings that will be played in class that day. Instruct students to wait quietly while you tune the instruments. As students' playing skills develop, begin teaching them how to tune their own strings using the fine tune tuners or machine-head pegs on their instruments.

Demonstrate to students how to pluck their open strings, either in guitar or shoulder position. For violins and violas it is easier to pluck with the right thumb when holding the instrument in guitar position; in shoulder position it is easiest for students to use their right index finger.

Have students say and spell pizzicato. Point out to students the abbreviation *pizz.* for pizzicato.

Teacher All musical selections in *Essential Elements for Strings* are accompanied on the Play-Along CD recordings, available on CD from your local music dealer. Recorded accompaniments for the first 71 exercises are included on the CD enclosed in the student books and the Teacher Manual. Professional musicians on acoustic instruments perform the recordings. Students may play with the recordings, as they are designed to guide and encourage students' home practice and enliven class rehearsal. Recordings provide a harmonic background for each selection and a performance model for students to emulate. Research strongly suggests that modeling and harmonic accompaniment promotes students' development of intonation.

Play-Along recording accompaniments are recorded at tempos playable by beginning students and include diverse styles of music, including rock, country, and classical. Use of recordings in class frees the string teacher to move throughout the class and assist individual student playing. Please note that the *Essential Elements for Strings* piano accompaniments are easier to play than those on the recordings so that you may focus on your students' performance, not your keyboard skills.

1. TUNING TRACK *Wait quietly for your teacher to tune your instrument.*

Teacher Remind violin and viola students to keep their bows in their cases. Request cello and bass students to take the bow out of their case first before removing the instrument. They may place the bow on the floor by their chair or stool, or on their music stand. Students will begin developing bowing skills on student book page 7.

Bass *pizz*

Piano

Chords: D, G/A, D, G/A, D, Gsus2, D

The score for 'Two's a Team' is a 4-measure exercise in D major, 4/4 time. The string quartet (Violin, Viola, Cello, Bass) plays a rhythmic pattern of eighth notes, starting with a pizzicato (pizz) instruction. The piano accompaniment features a simple bass line in the left hand and chords in the right hand corresponding to the listed chords: D, G/A, D, G/A, D, Gsus2, and D.

5. AT PIERROT'S DOOR *The melody is on your CD.*

Violin *pizz*

Viola *pizz*

Cello *pizz*

Bass *pizz*

Piano

Chords: D, A/C#, Bmi7, A, G(add9), A, G(add9), D

The score for 'At Pierrot's Door' is an 8-measure exercise in D major, 4/4 time. The string quartet plays a rhythmic pattern of eighth notes, starting with a pizzicato (pizz) instruction. The piano accompaniment features a simple bass line in the left hand and chords in the right hand corresponding to the listed chords: D, A/C#, Bmi7, A, G(add9), A, G(add9), and D.

Teacher Once students can pizzicato the open strings in exercise 5 you may either play the melody on your string instrument while the students are plucking, or play the CD which features the melody on track 5.

Teacher Read the definitions of clef, time signature, and double bar that appear on student book page 5. Point out the note names as they appear in different clefs. Have students point to the time signatures and double bars on the page.

Treble Clef

Clefs indicate a set of note names.

Alto Clef

Bass Clef

Time Signature (Meter)

$\frac{4}{4}$ 4 beats per measure
 $\frac{4}{4}$ ♩ or ♪ gets one beat

The **time signature** tells us how many beats are in each measure and what kind of note gets one beat.

Double Bar

A **double bar** indicates the end of a piece of music.

6. JUMPING JACKS *Identify the clef and time signature before playing.*

Violin *pizz.* Double Bar 7

Viola *pizz.*

Cello *pizz.*

Bass *pizz.*

Piano

D5 A5 D5 A5 Csus2 D5

Detailed description: This musical score is for a piece titled 'Jumping Jacks'. It is written for a string quartet (Violin, Viola, Cello, Bass) and piano. The key signature is one sharp (F#), indicating D major, and the time signature is 4/4. The string parts are marked 'pizz.' (pizzicato) and play a rhythmic pattern of quarter notes: D4, D4, D4, D4, A4, A4, A4, A4. The piano part features a series of chords: D5, A5, D5, A5, Csus2, and D5, each sustained for two measures. The bass line of the piano accompaniment consists of eighth notes: D4, E4, F#4, G4, A4, B4, C5, B4, A4, G4, F#4, E4, D4.

7. MIX 'EM UP

Violin *pizz.*

1. 2.

D A/C# G/B A/C# D Bmi7 D/A G Emi7 D G/A G Emi7 D

Teacher In string teaching, beginning players first put the sounding finger and all lower numbered fingers on the string together to play a pitch. This is called block fingering. After students' left hand shapes are well established they may begin to use independent fingering, placing only the sounding finger on the string for a pitch.

To help students develop their left-hand shape, the first notes introduced use three fingers for violin/viola and four fingers for cello. Basses should place four fingers on the D string for the pitch F sharp while sounding their open G string when beginning to play. In addition to helping students shape their left hand, playing pitches first that use many fingers is better for students because it is easier to lift off fingers than add them. This approach also helps students establish better intonation.

Have students hold up their left hand and position their fingers as in the drawing on student book page 6. Point out to violin and viola students the second and third fingers touch. Have students say the finger numbers out loud. Notice that the thumb is not a numbered finger in string playing.

Violin/ Viola To help students properly shape their left hand, their index finger should form a square. The square is formed by the fingernail, top of the finger, side of the finger, and the fingerboard. The side of the index finger should touch or be near the side of the fingerboard near the base hand knuckle. This allows the other fingers to be poised over the fingerboard for better playing and intonation, and promotes a straight and relaxed left wrist. Failure to form this square first finger prevents students from properly developing all other left hand skills.

Also notice that the thumb is positioned on the side and is across from the first fingertip. Have students gently tap their thumb on the side of the fingerboard near the first fingertip to find the most natural position of the thumb.

Notice that the player's fingernails are short so that the fingers may be positioned on their tips. Point out to students how the left arm and hand are in a straight line. The wrist should be generally straight, though relaxed.

Violin

SHAPING THE LEFT HAND

D STRING NOTES

Step 1 Shape your left hand as shown. Be certain your palm faces you.

0 = Open string
1 = 1st finger
2 = 2nd finger
3 = 3rd finger
4 = 4th finger

Step 2 Bring your hand to the fingerboard. Place your fingers on the D string, keeping your hand shaped as shown below. Be sure your first finger forms a square with the fingerboard, and your wrist is relaxed and straight.

G is played with 3 fingers on the D string.

F# is played with 2 fingers on the D string.

E is played with 1 finger on the D string.

Viola

SHAPING THE LEFT HAND

D STRING NOTES

Step 1 Shape your left hand as shown. Be certain your palm faces you.

0 = Open string
1 = 1st finger
2 = 2nd finger
3 = 3rd finger
4 = 4th finger

Step 2 Bring your hand to the fingerboard. Place your fingers on the D string, keeping your hand shaped as shown below. Be sure your first finger forms a square with the fingerboard, and your wrist is relaxed and straight.

G is played with 3 fingers on the D string.

F# is played with 2 fingers on the D string.

E is played with 1 finger on the D string.

Cello

SHAPING THE LEFT HAND

Step 1 Shape your left hand as shown.
Be certain your palm faces you.

- 0 = Open string
1 = 1st finger
2 = 2nd finger
3 = 3rd finger
4 = 4th finger

Step 2 Bring your left hand to the fingerboard. Place your fingers on the D string, keeping your hand shaped as shown. Be sure your thumb is behind the second finger and slightly bent.

F# is played with 4 fingers on the D string.

E is played with 1 finger on the D string.

Teacher Checkpoints Teachers are encouraged to develop checkpoints for quickly evaluating students' playing skills. A list of checkpoints for student skills introduced on student book page 6 would include:

- Body position
- Feet position
- Instrument position
- Fingers curved over strings
- Thumb shape and position
- Violin/Viola: square first finger
- Left wrist straight and relaxed

Listening Skills

Play what your teacher plays. Listen carefully.

Teacher Listening Skills are included every time a new note is introduced. Research suggests that students with well-developed listening skills have better left/right hand coordination, intonation, sound production, and memorization skills.

Teachers are given sample four-beat patterns for students to echo. The echo patterns may be played on any instrument and should be played behind the class so that students cannot see the teacher's fingering. These echo patterns are in treble clef and are only suggestions. Teachers are encouraged to create their own echo patterns. In the beginning, teachers may play echo patterns either pizzicato or with the bow for students to imitate.

1.

2.

3.

4.

5.

Teacher All finger numbers for pitches appear above the printed notes, and counting symbols below. Each time a new note is introduced, the rhythm in all the exercises immediately following is the same. This allows students to learn one new skill at a time.

Saying letter names out loud, singing letter names, or using solfeggio syllables before and/or during each exercise helps students develop pitch recognition, note reading, and accurate intonation.

As students begin to pizzicato their first left-hand pitches, instruct them to pizzicato quietly, so their left hand will remain relaxed on the fingerboard. Players only need enough weight on the string with their left hand to sound the pitch. No excessive weight or squeezing is needed.

10. LET'S READ "G" Start memorizing the note names.

Violin: pizz 3
Viola: pizz 3
Cello: pizz 4
Bass: pizz 0
Piano: G5, Csus2, G5, Csus2, G5

Teacher In the first part of this method, sharp is being used as an accidental, not as a part of the key signature.

Sharp

A **sharp** raises the sound of notes and remains in effect for the entire measure. Notes without sharps are called **natural** notes.

Violin

Viola

Cello

Bass

11. LET'S READ "F#" (F-sharp)

pizz. 2 *Play all F#'s. Sharps apply to the entire measure.*

Violin

Viola

Cello

Bass

Piano

F# D Bsus2 C#7sus F#

Teacher Beginning in exercise 12 the letter name in a repeated note head occurs only in the first pitch. Students should be encouraged to recognize the name of those notes without the alphabet letters as they are note reading and playing.

Encourage students to keep their fingers near the string when lifting off the strings in exercise 12. The fingers that are not on the string should be curved over the strings. The line underneath the staff in the bass part is a bracket indicating that students should keep fingers down while playing additional pitches. This promotes proper left hand shape and intonation. Also, check that violin and viola students are consistently maintaining a square first finger shape as they are playing.

As students are playing the exercises on page 6, encourage them to compare their left hand shape with the drawings.

12. LIFT OFF

The musical score for Exercise 12, "LIFT OFF", is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score is divided into two systems. The first system contains staves for Violin, Viola, Cello, and Bass. Each string staff begins with a "pizz." (pizzicato) marking and a finger number (3 for Violin and Viola, 4 for Cello, and 0 for Bass). The second system contains the Piano part, which includes a bracket under the first four measures with the instruction: "Keep fingers down when you see this bracket." Above the Piano staff, the notes G, D, C/G, D/G, C, D, and G are written above the first seven measures.

Student Is your left hand shaped as shown in the diagrams above?

Teacher The line underneath the staff in exercise 12 in the bass is a bracket indicating that students should keep fingers down while playing additional pitches. This promotes proper left hand shape and intonation. Once students consistently demonstrate an acceptable left-hand shape they may begin to use independent fingering—playing a pitch with only one finger on the string.

Teacher BOW BUILDER ONE appears at the top of student book page 7. The purpose of BOW BUILDERS is to present activities for students to develop their bowing skills independent of their left-hand skills. Students should practice the BOW BUILDER exercises frequently until they are mastered.

The purpose of BOW BUILDER ONE: PENCIL HOLD is to help students develop a well shaped bow hand position. Shaping the bow hand on a pencil first allows students to focus on the hand shape without having to hold the bow.

Each of the five steps in BOW BUILDER ONE should be practiced daily until the skills are mastered. It is critically important for students to master forming their bow hand shape. The successful combination of bowing with instrument position and left hand skills introduced on student book page 18 depends on how well students master each of the BOW BUILDERS in this book.

Violin

SHAPING THE RIGHT HAND

BOW BUILDER ONE

Pencil Hold

Step 1 Hold a pencil in your left hand at eye level.

Step 2 Hang your right fingers over the top of the pencil, as shown.

Step 3 Place your right 4th finger on top of the pencil.

Step 4 Touch the tip of your right thumb to the pencil just opposite your 2nd finger. The curve of your thumb will form an oval with the finger.

Step 5 Lean your right hand so the first finger rests on top of the pencil between the 1st and 2nd joints. Keep your fingers relaxed. Remove your left hand from the pencil. Practice shaping your hand on the pencil until it feels natural to you.

★ Practice BOW BUILDER ONE daily.

Violin/
Viola

The following illustrations show acceptable and unacceptable left hand positions. Note the placement of the thumb. Note in acceptable position the thumb is on its side slightly and positioned near the first fingertip. One successful teaching strategy to help students develop an acceptable left hand position is to have them slide their thumb forward as illustrated, promoting a better left hand shape and a straight, but relaxed, wrist position.

Unacceptable

Acceptable

Teacher It is recommended that as students learn to play each new pitch that they also memorize the letter name of each note. Spend time in class reviewing note names as students learn to play new pitches.

13. ON THE TRAIL

Say or sing the note names before you play.

HISTORY

Folk songs have been an important part of cultures for centuries and have been passed on from generation to generation. Folk song melodies help define the sound of a culture or region. This folk song comes from the Slavic region of eastern Europe.

Teacher Familiarize students with different types of folk music by playing recorded examples of Slavic folk music. Discuss examples of American folk music, e.g. *Skip To My Lou*, *Long Long Ago*.

18. MORNING DANCE

Violin/ Viola Review holding the violin or viola in shoulder position as shown on page 3. Check to see if the scroll is generally parallel to the floor and positioned over the left foot. Also check the location of the instrument button. It should be either near or touching the middle of the neck, with the side corner of the jaw resting on the chin rest and the head erect.

Violin/ Viola/ Cello The following *Workouts* will help your students develop a relaxed left hand. Violin/ Viola students should now be spending more time playing in shoulder position than in guitar position. Left-hand exercises were not included in the student bass book because of the space devoted to the two different bow holds: French and German. However, bass students can do these exercises also.

Practice each of the *Workout* exercises with students until they have mastered them. The foundation for more advanced left-hand skills is being established by successfully mastering each of the *Workouts*. Demonstrate each of the *Workouts* for the students before they practice them.

Violin

WORKOUTS

Place your instrument in shoulder position as shown on page 3. Then practice the following exercises with your left hand.

Finger Taps
Tap fingertips on any string. Practice in different combinations of fingers.

Pull Aways
Pull your left hand away from the side of the neck, while keeping the thumb and fingers on the instrument.

Strummin' Along
Strum the strings with your 4th finger while swinging your elbow under the viola, as shown.

Strummin' Along

Viola

Strummin' Along

Bass

Bass

Bass The note A played in first position on the double bass is introduced in exercise 20. There are no new notes introduced in the violin, viola, or cello student books. Those instruments are playing their open A string while the bass is fingering the A on the G string.

In exercise 20, *Good King Wenceslas*, for the first time the violin, viola, and cello students should keep their fingers down on some pitches while playing others. Bases did this first in exercise 12. This helps students develop a well-shaped left-hand position when first learning to play.

The words to *Good King Wenceslas* are provided on page 262. Have students say and sing the words to *Good King Wenceslas* as they are learning to play the melody.

20. GOOD KING WENCESLAS

Teacher The pitches D, C#, and B are introduced. D and C# notes are in third position on the double bass so that bass students will be able to avoid octave displacements. Research suggests that students have difficulty recognizing and understanding a melodic line that contains octave displacements. Point out to bass students that their finger spacing in third position is the same as in first position, and that the thumb remains behind the second finger. For developing student listening skills sample four-beat patterns are provided that incorporate the new pitches introduced on student book page 10. Play the pitch patterns provided, or ones you create, for students to echo so that they may continue to develop their listening skills. Remember the echo patterns may be played on any instrument and should be played behind the class so that students cannot see the teacher's fingering. Remind students to memorize the names of the new notes they are learning to play.

Violin/Viola

A STRING NOTES

Violin

D is played with 3 fingers on the A string.

Viola

C# is played with 2 fingers on the A string.

B is played with 1 finger on the A string.

Cello

A STRING NOTES

D is played with 4 fingers on the A string.

C# is played with 3 fingers on the A string.

B is played with 1 finger on the A string.

Bass

G STRING NOTES

D is played with 4 fingers on the G string in third position (III).

C# is played with 2 fingers on the G string in third position (III).

B is played with 4 fingers on the G string in first position (I).

Listening Skills

Play what your teacher plays. Listen carefully.

Detailed description of the musical score: The score is for a piece titled 'Let's Read D'. It is in 4/4 time and consists of 16 measures. The Violin, Viola, Cello, and Bass parts are marked 'pizz' (pizzicato) and play a sequence of notes: D, E, F, G, A, B, C, D. The Piano part provides harmonic support with chords: D(add9), G(add9), F6, G(add9), and D(add9). The score is divided into four measures, each containing four notes. The Violin part starts with a 'pizz 3' marking. The Viola part starts with a 'pizz 3' marking. The Cello part starts with a 'pizz 4' marking. The Bass part starts with a 'pizz 4' marking. The Piano part starts with a 'III' marking. The chords are: D(add9), G(add9), F6, G(add9), and D(add9).

Student ★ Practice BOW BUILDERS ONE, TWO, and THREE daily.

Teacher Continually review the counting system you have selected with students as they learn to play each exercise. It is recommended that students count aloud each exercise while they are playing. Review BOW BUILDERS ONE, TWO, and THREE daily with students until they are mastered..

Teacher Have students compare their fingered D to the open D string in measures 1, 4 of exercise 27, *Olympic High Jump*. Point out to students that both pitches are D, only an octave apart. Ask students to find another D on their instrument by moving their left hand along the fingerboard, using their ear to guide them.

27. OLYMPIC HIGH JUMP

The musical score for "Olympic High Jump" is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score consists of five staves. The Violin, Viola, Cello, and Bass staves are marked with "pizz." (pizzicato) and feature a sequence of notes: D4, E4, F#4, G4, A4, B4, C5, D5. The Bass staff includes fingerings: 4 for the first D, 0 for the open string, and 2 for the second D. The Piano part features a series of chords: D, Bb/D, G/D, A/D, G(add9)/B, Csus2, G, A, Dsus, and D. The Piano part also includes a bass line with eighth notes.

28. LET'S READ "B"

Violin

Viola

Cello

Bass

Piano

B E/B B E/B B B/D# E C#mi7 E/F# B

Bass In exercise 29, *Half Way Down*, basses shift for the first time. They shift from third to first position in measure 3 to play B. Instruct basses to release their hand weight on the string before and during the shift and that the thumb and hand move together as a unit. The thumb should remain by the second finger. Students may practice the shifting motion in the air away from the bass to help develop their shifting skill. Bass students should also practice shifting back and forth from C# to B and from B to C# in preparation for exercise 30, *Right Back Up*.

Dashes before finger numbers are used to indicate both ascending and descending shifts. Four positions are used in Book I and are indicated in students books by Roman Numerals:

- I = First position (first finger plays A on the G string)
- II = Second position (first finger plays B on the G string)
- III = Third position (first finger plays C on the G string)

Bass

Shifting

Sliding your left hand smoothly and lightly to a new location on the fingerboard, indicated by a dash (-).

29. HALF WAY DOWN

The musical score for exercise 29, "Half Way Down", is written for Violin, Viola, Cello, Bass, and Piano. The score is in 4/4 time and consists of four measures. The Violin, Viola, and Cello parts are in treble clef, while the Bass part is in bass clef. The Piano part is in bass clef. The score includes fingerings (1-4) and bowings (pizz.) for the string instruments. The Bass part includes a shift from third to first position in measure 3, indicated by a dash (-) before the finger number 4. The Piano part includes chords D, A, G, D, A, D.

Violin

Viola

Cello

Bass

Piano

III I

D A G D A D

Bass Basses shift from first to third position.

30. RIGHT BACK UP

The musical score for "Right Back Up" is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The string parts (Violin, Viola, Cello, Bass) play a descending scale starting on D4, with fingerings indicated above the notes. The piano part provides harmonic support with chords and a descending bass line. The score is divided into four measures, with a section marker "III" above the piano part in the third measure.

Teacher Read the definition of scales. Demonstrate examples of various scales. Point out that scales begin and end on the same note.

A descending scale is introduced first because it helps promote the left-hand shape of the violins, violas, and cellos. Also, it is easier for students to lift off fingers while maintaining an acceptable left-hand shape as they are playing a descending scale.

Reviewing the names of the notes with students is an excellent activity while students are practicing their D major scale on student book page 11.

THEORY

Scale

A **scale** is a sequence of notes in ascending or descending order. Like a musical "ladder," each note is the next consecutive step of the scale. This is your D Scale. The first and last notes are both D.

31. DOWN THE D SCALE *Remember to memorize the note names.*

The musical score is for a piece titled "31. DOWN THE D SCALE". It is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#), and the time signature is 4/4. The score is divided into two systems, each with four measures.

Violin: The first system starts with a "pizz" (pizzicato) marking and a finger number of 3. The notes are D4, E4, F#4, G4, A4, B4, C5, D5. The second system starts with a finger number of 2, then 1, then 0. The notes are D5, C5, B4, A4, G4, F#4, E4, D4.

Viola: The first system starts with a "pizz" marking and a finger number of 3. The notes are D3, E3, F#3, G3, A3, B3, C4, D4. The second system starts with a finger number of 2, then 1, then 0. The notes are D4, C4, B3, A3, G3, F#3, E3, D3.

Cello: The first system starts with a "pizz" marking and a finger number of 4. The notes are D2, E2, F#2, G2, A2, B2, C3, D3. The second system starts with a finger number of 3, then 1, then 0. The notes are D3, C3, B2, A2, G2, F#2, E2, D2.

Bass: The first system starts with a "pizz" marking and a finger number of 4. The notes are D1, E1, F#1, G1, A1, B1, C2, D2. The second system starts with a finger number of 2, then -4, then 1. The notes are D2, C2, B1, A1, G1, F#1, E1, D1.

Piano: The first system has chords labeled III D, F#mi, I G, and F#mi. The notes are D4, E4, F#4, G4, A4, B4, C5, D5. The second system has chords labeled G, D/A, Emi/A, and D. The notes are D4, E4, F#4, G4, A4, B4, C5, D5.

Piano

D A D G

D G III A G D

The image displays two systems of musical notation for a quiz exercise titled "32. ESSENTIAL ELEMENTS QUIZ – UP THE D SCALE". Each system includes staves for Violin, Viola, Cello, Bass, and Piano. The first system shows the initial four measures of the exercise, with fingerings (0, 1, 2, 3) and a pizzicato (pizz.) marking. The second system shows the next four measures, including a trill (tr) and a triple (III) marking. The Piano part features a sequence of chords labeled D, A, D, G, III, A, G, D. The Violin and Viola parts show the D major scale (D, E, F#, G, A, B, C#) with fingerings. The Cello and Bass parts show the D major scale with fingerings, including a -2 fingering in the Bass part.

Teacher BOW BUILDER FOUR: ON THE BOW is introduced on the top of student book page 12. The purpose of this BOW BUILDER is to apply the hand shape previously positioned on a pen, pencil, or straw to the bow stick. Notice that the bow hand is positioned at the balance point of the bow for violin and viola. Students are able to hold the bow lightly if the hand is positioned first at the balance point. As students master the bow hand shape at the balance point they may begin to gradually move the hand to the frog.

The skills of holding the bow with an acceptable hand shape takes time for students to master. The authors recommend that students wait until their hand shape is mastered before setting the bow on the string to begin to learning bowing motions. While the bow hand is being mastered students may continue to work on their left hand, counting, listening, and note reading skills.

Violin/Viola

BOW BUILDER FOUR

On The Bow (Early Bow Hold)

Step 1 Identify all parts of the bow (see page 2). Hold the bow in your left hand near the tip with the frog pointing to the right.

Step 2 Put your right thumb and 2nd finger on the bow stick near the middle of the bow.

Step 3 Shape your right hand on the bow stick as shown.

Step 4 Turn your right hand over, and be sure your thumb and fingers are curved.

Step 5 Hold the bow and repeat the exercises on page 8.

Balancing The Bow

Early Bow Hold

Cello

BOW BUILDER FOUR

On The Bow

Step 1 Identify all parts of the bow (see page 2). Hold the bow in your left hand near the tip with the frog pointing to the right.

Step 2 Place the bow between your right thumb and second finger. The tip of your thumb will contact the stick next to the frog, and your second finger will extend to the ferrule.

Step 3 Shape the remaining fingers on the bow stick as shown.

Step 4 Turn your right hand over, and be sure your thumb is curved.

Step 5 Hold the bow and repeat the exercises on page 8.

Bass

BOW BUILDER FOUR

On The Bow (French)

Step 1 Identify all parts of the bow (see page 2). Hold the bow in your left hand near the tip with the frog pointing to the right.

Step 2 Place the bow between your right thumb and second finger. The tip of your thumb will contact the stick next to the frog, and your second finger will extend to the ferrule.

Step 3 Shape the remaining fingers on the bow stick as shown.

Step 4 Turn your right hand over, and be sure your thumb is curved.

Step 5 Hold the bow and repeat the exercises on page 8.

Detailed description: This is a musical score for a piece titled "Song for Christine". It is arranged for Violin, Viola, Cello, Bass, and Piano. The score is divided into two systems. The first system covers measures 1 through 8, and the second system covers measures 9 through 16. The key signature has one sharp (F#), and the time signature is 4/4. The string parts (Violin, Viola, Cello, Bass) are marked with "pizz." (pizzicato) in the first system. The piano part includes chord names above the staff for each measure. The first system of chords is: D(add9), A/D, G/D, D, G(add9)/B, Dma7/A, E/G#, G/A, A. The second system of chords is: Bmi7, D/A, Gma7, D(add9)/F#, Emi7, A7sus, G/C, D. The string parts in the second system continue with their melodic lines.

Example E G G

Teacher The well-known folk song, *Dreidel*, is presented at the beginning of student book page 13. Familiarize students with other traditional Jewish folk songs by playing recorded examples in class. Discuss the history of Israel and its relationship to the United States.

Please note that *Dreidel* is the last exercise that includes alphabet letters in note heads to aid students in their note reading. Review students' note reading again, so that they will be successful in reading notes from this point on.

HISTORY

Folk songs often tell stories. This **Israeli folk song** describes a game played with a dreidel, a small table-top spinning toy that has been enjoyed by families for centuries. The game is especially popular in December around the time of Hanukkah.

36. DREIDEL

Israeli Folk Song

The musical score for "Dreidel" is written for a string quartet and piano. It is in 4/4 time and D major. The score is divided into two systems. The first system includes staves for Violin, Viola, Cello, Bass, and Piano. The Violin, Viola, and Cello parts are marked *pizz* (pizzicato). The Bass part includes fingering numbers: 0, 1, 4, 1, 0. The Piano part includes chord markings: D, Dsus, D, Dsus, D, A7. The second system continues the string parts and the Piano part, which is marked with a D chord.

Teacher The purpose of BOW BUILDER FIVE: SHADOW BOWING is to help students develop beginning bowing skills away from the instrument. This teaching strategy allows students to concentrate on only one skill at a time. The steps to begin teaching shadow bowing are the same for all four instruments.

Point out to students the definition of shadow bowing: bowing without the instrument. In BOW BUILDER FIVE, shadow bowing is done on rosin so that students will learn to pull the bow in a straight line. Shadow bowing may also be done by bowing in the air, through a PVC tube or paper product tube held in the air (cello/bass), or on the shoulder or arm (violin/viola).

First, demonstrate for students how to tighten and loosen the bow hair. Turn the screw of the bow clockwise to tighten, and counter-clockwise to loosen. Instruct students to always loosen the bow hair when they are finished playing.

Next, have students shadow bow on their rosin as illustrated on student book page 13. Bases should wait to use real bass rosin until page 16, or later, so that they can learn how to pull the bow in a straight line on a rectangular cake of rosin as illustrated.

Another way to practice shadow bowing is to bow through a PVC tube or paper product tube. Violin and viola students may hold the tube with their left hand over their left shoulder. They can place their bow inside the tube and bow through it to help learn their bowing motion. Cello and bass students may hold the tube in front of themselves where the bow would be contacting the string while bowing through the tube.

Review the definition and symbols for down and up bow. Demonstrate up and down bow directions for students.

Violin/Viola

BOW BUILDER FIVE

Shadow Bowing
Shadow Bowing is bowing without the instrument.

Step 1 Tighten the bow hair as instructed by your teacher.

Step 2 Place the rosin in your left hand. Hold the bow at the balance point.

Step 3 Shadow bow by slowly moving the bow back and forth on the rosin. Be sure to move the bow, not the rosin.

Cello

BOW BUILDER FIVE

Shadow Bowing
Shadow Bowing is bowing without the instrument.

Step 1 Tighten the bow hair as instructed by your teacher.

Step 2 Place the rosin in your left hand. Hold the bow in your right hand.

Step 3 Shadow bow by slowly moving the bow back and forth on the rosin. Be sure to move the bow, not the rosin.

Bass

BOW BUILDER FIVE

Shadow Bowing
Shadow Bowing is bowing without the instrument.

Step 1 Tighten the bow hair as instructed by your teacher.

Step 2 Place the rosin in your left hand. Hold the bow in your right hand.

Step 3 Shadow bow by slowly moving the bow back and forth on the rosin. Be sure to move the bow, not the rosin.

Down Bow ▮ Move the bow away from your body (to the right).

Up Bow ▽ Move the bow toward your body (to the left).

Teacher Rosin Raps 37–39 promote development of bowing skills away from the instrument so that students need to learn only one kinesthetic skill at a time. Rosin Raps also help students develop the physical coordination of reading music while bowing at the same time. Bowing on rosin is one way for students to shadow bow.

Have students say or sing "down" and "up" for bow direction and "rest" as indicated in the student book while bowing the following Rosin Raps. Have violin and viola students first bow the Rosin Raps with their bow hand positioned at the balance point. Once students can consistently bow the raps while keeping an acceptable bow-hand shape they may begin to gradually move their bow hand position to the frog.

As students are practicing the Rosin Raps encourage them to frequently compare their bow hand shape to the one in the illustration.

37. ROSIN RAP #1 *Bow these exercises on the rosin.*

41. JINGLE BELLS

J. S. Pierpont

The musical score for "Jingle Bells" is arranged for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score is divided into two systems, each containing staves for the strings and piano accompaniment.

First System:

- Violin:** Starts with a *pizz* (pizzicato) marking and a finger number 2. The melody consists of eighth and quarter notes.
- Viola:** Also starts with a *pizz* marking and a finger number 2. The melody is similar to the violin but an octave lower.
- Cello:** Starts with a *pizz* marking and a finger number 3. The melody is similar to the violin but an octave lower.
- Bass:** Starts with a *pizz* marking and a finger number 4. The melody is similar to the violin but an octave lower.
- Piano:** Provides harmonic support with chords. The first system includes the following chords: D(add9), D, D(add9), D, D(add9), A7sus, D(add9), and D.

Second System:

- Violin:** Continues the melody with finger numbers 3, 2, 1, and 0 indicated.
- Viola:** Continues the melody with finger numbers 3, 3, 1, and 0 indicated.
- Cello:** Continues the melody with finger numbers 4, 3, 1, and 0 indicated.
- Bass:** Continues the melody with finger numbers 0, 4, 1, 4, 1, and 1 indicated.
- Piano:** Provides harmonic support with chords. The second system includes the following chords: G(add9), G, Dsus, D, Bmi7, E9, E7, E9, G6/A, and A7.

The musical score is arranged in five staves. The Violin, Viola, Cello, and Bass staves each contain a sequence of notes with fingerings (0, 1, 3, 4) indicated above them. The Piano staff is divided into two systems, each with a treble and bass clef. The first system of the Piano staff includes chord markings: G, C, G, A7, D7, G, D7, and G. The notes in the Piano staff are primarily eighth and sixteenth notes, often beamed together.

Student ★ Practice BOW BUILDER FIVE daily.

HISTORY

Austrian composer **Wolfgang Amadeus Mozart** (1756–1791) was a child prodigy who first performed in concert at age 6. He lived during the time of the American Revolution (1775–1783). Mozart's music is melodic and imaginative. He wrote hundreds of compositions, including a piano piece based on this familiar song.

Teacher Familiarize students with music of Mozart by playing recorded examples of his works. You may also want to use the movie *Amadeus* as a resource.

43. A MOZART MELODY

Adapted by W. A. Mozart

The musical score is for a piece titled "A Mozart Melody," adapted by W. A. Mozart. It is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score consists of five staves. The Violin, Viola, Cello, and Bass parts are all marked "pizz." (pizzicato) and feature fingerings (0, 1, 2, 3, 4) above the notes. The Piano part is written in a grand staff (treble and bass clefs) and includes a series of chords indicated above the staff: D, D/F#, G/B, G, D/F#, D, G/B, A7/C#, D, D/F#, Emi/GA7, and D. The melody is primarily in the upper register of the strings, with the piano providing harmonic support.

THEORY

Key Signature: D MAJOR

A **key signature** tells us what notes to play with sharps and flats throughout the entire piece. Play all F's as F# (F-sharp) and all C's as C# (C-sharp) when you see this key signature, which is called "D Major."

Teacher Read the definition and example of key signature as presented on student book page 15. Give students examples of other key signatures and have them practice writing them. Be sure students are counting, including subdivisions, when learning to play each exercise.

44. MATTHEW'S MARCH

Violin *pizz* 3 2 3 0 3 1

▲ Play F#s and C#s when you see this key signature.

45. CHRISTOPHER'S TUNE

This musical score is for a piece titled "45. CHRISTOPHER'S TUNE". It is arranged for a string quartet (Violin, Viola, Cello, Bass) and Piano. The key signature is one sharp (F#), and the time signature is 4/4. The score is divided into two systems, each containing staves for the string instruments and a grand staff for the piano.

First System:

- Violin:** Starts with a *pizz* (pizzicato) marking. Fingering: 0, 2, 1, 3, 1, 3.
- Viola:** Starts with a *pizz* marking. Fingering: 0, 2, 1, 3, 1, 3.
- Cello:** Starts with a *pizz* marking. Fingering: 0, 3, 1, 4, 1, 4.
- Bass:** Starts with a *pizz* marking. Fingering: 0, 4, 1, 0, 1.
- Piano:** Accompaniment with chords D, A7, and D.

Second System:

- Violin:** Continues the melody.
- Viola:** Continues the melody.
- Cello:** Continues the melody.
- Bass:** Fingering: 4, 1, 0, 4, 1, 4, -2, 4.
- Piano:** Accompaniment with chords D, G, A7, and D. A Roman numeral "III" is written below the piano staff.

Teacher Have students create and write notes they choose to complete the melody in ESSENTIAL CREATIVITY, exercise 46. This allows students to begin composing their own melodies while reinforcing their note reading and rhythm reading skills. Give them the opportunity to play their completed melodies in class. Consider allowing students to play them on a concert.

46. ESSENTIAL CREATIVITY

Play the notes below. Then compose your own music for the last two measures using the notes you have learned with this rhythm:

Violin

Viola

Cello

Bass

Teacher BOW BUILDER SIX: LET'S BOW! is introduced at the top of student book page 16. The purpose of this exercise is to give students the opportunity to begin bowing on the string, using all the skills learned in the previous BOW BUILDERS.

Violin/Viola

BOW BUILDER SIX

Let's Bow!

Early Bow Hold

Regular Bow Hold

BOW BUILDER SIX

Let's Bow!

Bow Hold

Thumb Placement

Bass

BOW BUILDER SIX

Let's Bow!

French Bow Hold

German Bow Hold

Thumb Placement (French)

**Violin/
Viola**

Even though students will only be bowing open strings first, be careful that they keep the proper shape and position of their left hand while bowing. Notice in the illustration that the left hand is on the bout where the neck and instrument meet and that all the fingers are curved. This finger position helps reinforce students left hand shape as they get ready to bow fingered notes.

Examine the illustration with a straw in the "F" hole. Notice that the straw is placed in the "F" hole near the low string of the student's instrument. The bow is placed between the bridge and the straw. The straw helps the student bow in a straight line parallel to the bridge. This bow placement will produce the best sound for students.

This illustration is in Teacher's Manual only.

Straw in the "F" hole

This illustration is in Teacher's Manual only.

Bowing through a tube

Teacher Also notice the illustration with the bow traveling through a tube attached to the string. Bowing through a tube will help all string students learn the proper bowing motion. Either plastic PVC tubes or paper product tubes may be used. Place a rubber band under the strings and then loop the ends around each end of the tube.

Students should begin bowing with short bow strokes: violins and violas in the middle of the bow; cellos and basses in the lower half of the bow. As students' bowing skills develop, they should gradually lengthen their bow strokes.

Violin/Viola

Step 1 Hold the instrument with your left hand on the upper bout as illustrated.

Violin/Viola

Step 2 Hold the bow at the balance point (Early Bow Hold). Your right elbow should be slightly lower than your hand.

Your teacher will suggest when to begin moving your bow hand toward the frog, as shown in the Regular Bow Hold illustration. The tip of your thumb will move to the place on the stick where it touches the frog.

Teacher Model open D's and A's for students to echo. Evaluate the tone of students' echoes. The tone should be smooth, even, and pleasant to hear. Sample open string examples for echo practice with students are provided.

Listening Skills

Play what your teacher plays. Listen carefully.

1.

2.

3.

4.

Teacher As students develop their bowing skills, have them do some of the exercises on student book page 8 to relax their hand during the rests. For exercise 47, check to make sure that students' elbows are at the proper height when their bow is on the D string.

47. BOW ON THE D STRING

arco $\Rightarrow$ Play with the bow on the string.

The musical score for Exercise 47 is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score is divided into two systems of four measures each.

First System:

- Violin:** Measures 1-4. Notes: D4 (quarter), E4 (quarter), F#4 (quarter), G4 (quarter). Rests in measures 2 and 3.
- Viola:** Measures 1-4. Notes: D3 (quarter), E3 (quarter), F#3 (quarter), G3 (quarter). Rests in measures 2 and 3.
- Cello:** Measures 1-4. Notes: D2 (quarter), E2 (quarter), F#2 (quarter), G2 (quarter). Rests in measures 2 and 3.
- Bass:** Measures 1-4. Notes: D1 (quarter), E1 (quarter), F#1 (quarter), G1 (quarter). Rests in measures 2 and 3.
- Piano:** Measures 1-4. Chord markings: G (measure 1), D (measure 2), G (measure 3), D (measure 4). The piano accompaniment consists of a steady eighth-note pattern in the right hand and a steady eighth-note pattern in the left hand.

Second System:

- Violin:** Measures 5-8. Notes: D4 (quarter), E4 (quarter), F#4 (quarter), G4 (quarter). Rests in measures 6 and 7.
- Viola:** Measures 5-8. Notes: D3 (quarter), E3 (quarter), F#3 (quarter), G3 (quarter). Rests in measures 6 and 7.
- Cello:** Measures 5-8. Notes: D2 (quarter), E2 (quarter), F#2 (quarter), G2 (quarter). Rests in measures 6 and 7.
- Bass:** Measures 5-8. Notes: D1 (quarter), E1 (quarter), F#1 (quarter), G1 (quarter). Rests in measures 6 and 7.
- Piano:** Measures 5-8. Chord markings: E7 (measure 5), G/A (measure 6), D (measure 7), G D/F# Emi7 D (measure 8). The piano accompaniment continues with the same eighth-note pattern.

Teacher Check to make sure that students' elbows are at the proper height for the A string.

Teacher String levels, for string crossing motions, are introduced on student book page 17. Note that the motion to change string levels is the opposite for upper and lower strings, i.e., a player raises the right arm to play lower-pitched strings for violin/viola, but lowers the right arm to play lower-pitched strings on the cello/bass.

Be sure that students raise and lower their arms during the rests for each new string level in the following exercises.

Violin/Viola

WORKOUTS

String Levels
Your arm moves when bowing on different strings. Memorize these guidelines:

- Raise your arm to play lower-pitched strings.
- Lower your arm to play higher-pitched strings.

Raise arm = lower string
Lower arm = higher string

Cello

WORKOUTS

String Levels
Your arm moves when bowing on different strings. Memorize these guidelines:

- Move your arm forward and up to play higher-pitched strings.
- Move your arm back and down to play lower-pitched strings.

Raise arm = higher string
Lower arm = lower string

Bass

WORKOUTS

String Levels
Your arm moves when bowing on different strings. Memorize these guidelines:

- Move your arm forward and up to play higher-pitched strings.
- Move your arm back and down to play lower-pitched strings.

Raise arm = higher string
Lower arm = lower string

49. RAISE AND LOWER

BOW BUILDER SEVEN**Combining Both Hands**

Using notes from the D major scale, echo what your teacher plays.

Teacher BOW BUILDER SEVEN: COMBINING BOTH HANDS involves the teacher playing pitch patterns and the students echoing those patterns. Before students proceed to page 18, be sure that they have mastered proper bow hand shape, beginning open string motions, and changing string level skills in the echo patterns. On page 18 students will begin to bow fingered notes for the first time. This is an important skill and students must first master bowing open string skills before they begin bowing fingered pitches.

Example A:

	Teacher plays	Student echoes	Teacher	Student	Teacher	Student
Violin						
Viola						
Cello						
Bass						

Example B:

	Teacher plays	Student echoes	Teacher	Student	Teacher	Student
Violin						
Viola						
Cello						
Bass						

Teacher Students should now be ready to begin learning to bow fingered pitches while reading music. A suggested practice routine is provided for them in the student text. These sequential practice steps are important for students to follow because they will help them develop successful playing skills and home practice skills. Lead students through these steps carefully for each of the remaining playing exercises, and encourage students to use these steps while practicing at home. Create and substitute additional practice steps as needed.

Remember, there are many different ways to shadow bow that can be used in Step 3, e.g. bowing in the air, bowing on rosin, or bowing through tubes attached to the instrument or held over the left shoulder (violin and viola) or in front (cello and bass). One way is to ask students to bow vertically in the air, being careful that the down bow motion is toward the floor and the up bow motion is toward the ceiling. Bowing vertically helps eliminate tension in the right hand, which will occur if the bow is held in the air horizontally while shadow bowing. Of course, you may always have students practice bowing their open strings.

PUTTING IT ALL TOGETHER

Congratulations! You are now ready to practice like an advanced player by combining left and right hand skills while reading music. When learning a new line of music, follow these steps for success:

- Step 1** Tap your toe and say or sing the letter names.
- Step 2** Play *pizz.* and say or sing the letter names.
- Step 3** Shadow bow and say or sing the letter names.
- Step 4** Bow and play as written.

54. BOWING "G"

The musical score for exercise 54, "BOWING G", is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The exercise consists of two systems. The first system has four measures for each instrument, with fingerings 3, 4, and 0 indicated for the strings. The second system has five measures, with chord symbols G, C/G, Csus/G, C, and G written above the piano part. The piano part features a rhythmic accompaniment of eighth and sixteenth notes.

55. BACK AND FORTH

Violin

Viola

Cello

Bass

Piano

Chords: G(add9), D9, D7(b9), G(add9), Bmi7, Cma7, D7(b9), G(add9)

Detailed description: This musical score is for a piece titled '55. BACK AND FORTH'. It is written for a string quartet (Violin, Viola, Cello, Bass) and piano. The key signature is one sharp (F#) and the time signature is 4/4. The string parts feature a rhythmic pattern of eighth notes with various fingering and bowing (V) markings. The piano part provides harmonic support with chords and a moving bass line. The chords listed above the piano staff are G(add9), D9, D7(b9), G(add9), Bmi7, Cma7, D7(b9), and G(add9).

56. DOWN AND UP

Violin

Viola

Cello

Bass

Piano

Chords: G, B7, C, D7, G, B7, C, D7, G

Detailed description: This musical score is for a piece titled '56. DOWN AND UP'. It is written for a string quartet (Violin, Viola, Cello, Bass) and piano. The key signature is one sharp (F#) and the time signature is 4/4. The string parts feature a rhythmic pattern of eighth notes with various fingering and bowing (V) markings. The piano part provides harmonic support with chords and a moving bass line. The chords listed above the piano staff are G, B7, C, D7, G, B7, C, D7, and G.

Eighth Notes

Each Eighth Note = 1/2 Beat
2 Eighth Notes = 1 Beat

Two or more Eighth Notes have a *beam* across the stems.

THEORY

Tap your toe down on the number and up on the "&".

Teacher *Rhythm Raps* introduce new rhythms and meters. Notice the exercises that immediately follow the *Rhythm Raps* are in the same rhythm. This helps students combine their bowing, fingering, and rhythm reading skills. A suggested four-step teaching sequence for *Rhythm Raps*, as students tap their toes on the pulse, is as follows:

Step 1 – Shadow bow on rosin.

Step 2 – Bow rhythm in the air vertically, or through a tube attached to the string.

Step 3 – Bow rhythm on any open string.

Step 4 – Bow rhythm on a scale.

The piano accompaniment may be used with steps 1 and 2.

66. RHYTHM RAP Shadow bow and count before playing.

67. PEPPERONI PIZZA

68. RHYTHM RAP *Shadow bow and count before playing.*

D E $\flat$ m7/A D/F $\sharp$ C D $\flat$ m7/A E $\flat$ m7/A A7 D

Piano

The score for '68. RHYTHM RAP' is in 4/4 time. It features a vocal line with a rhythmic pattern of eighth and sixteenth notes, and a piano accompaniment. The piano part consists of a treble and bass staff. The bass line is a simple eighth-note pattern. The treble line has chords corresponding to the notes in the count. The chords are: D, E $\flat$ m7/A, D/F $\sharp$, C, D $\flat$ m7/A, E $\flat$ m7/A, A7, and D.

Piano part can be used to accompany shadow bowing and rhythm exercises.

69. D MAJOR SCALE UP

Violin

Viola

Cello

Bass

Piano

The score for '69. D MAJOR SCALE UP' is in 4/4 time. It features a string quartet (Violin, Viola, Cello, Bass) and a piano accompaniment. The string quartet plays a D major scale ascending. The piano part consists of a treble and bass staff. The bass line is a simple eighth-note pattern. The treble line has chords corresponding to the notes in the scale. The chords are: D, E $\flat$ m7/A, D/F $\sharp$, C, D $\flat$ m7/A, E $\flat$ m7/A, A7, and D.

Tempo Markings

Tempo is the speed of music. Tempo markings are usually written above the staff, in Italian.

Allegro – Fast tempo **Moderato** – Medium tempo **Andante** – Slower, walking tempo

Teacher The definition of tempo is presented on student book page 20. Only three different tempos are presented in Book 1, so that students may master their understanding.

Essential Elements for Strings Correlated Literature

Students will enjoy playing their own special part in string orchestra arrangements. The Explorer level of *Essential Elements for Strings* series is a collection of string orchestra arrangements that only use the rhythms, bowings, and notes that are introduced on pages student book page 1-21 (Teacher Manual pages 34-119). See your Hal Leonard dealer for the latest releases.

THEORY

Half Note

Half Rest

Teacher Use the suggested practice sequence for exercises 77–78 to introduce counting half notes. Be sure the students are subdividing while they are counting. The authors recommend that students count, tap, and clap each exercise before playing. You may have students shadow bow each exercise before playing as well.

Teacher When students begin to alternate bowing quarter notes and half notes, show students how the bow should travel slower during longer notes. Students can practice this skill by bowing in the air before playing on the string. You may also use a miles-per-hour analogy to help students understand different bow speeds, e.g. slower bows travel at lower miles-per-hour than faster bows.

77. RHYTHM RAP

Shadow bow and count before playing.

Student books have repeats, not 1st and 2nd endings.

Count: 1 & 2 & 3 & 4 & 1 & 2 & 3 & 4 & 1 & 2 & 3 & 4 & 1 & 2 & 3 & 4 & 1 & 2 & 3 & 4 &

**Violin/
Viola**

It is important for students to develop their left hand fourth finger facility. The following exercises and melodies are designed to help students begin to develop their fourth finger playing skill. This is critical for successful playing in the future and should be reviewed frequently. Be sure students' left hands are balanced on the third finger to make playing with the fourth finger easier.

Use rote exercises such as tapping and sliding the fourth finger while other fingers are on the string to help prepare students to use the fourth finger in their playing.

Teacher Please note that exercise 82 involves pizzicato with the left hand, not right hand.

82. TEXAS TWO-STRING

Violin/Viola Holding your violin/viola in shoulder position, pizz. this exercise with your left hand 4th finger. 4+ = 4th finger pizz.

Cello/Bass Pizz. this exercise with your left hand 4th finger. 4+ = 4th finger pizz.

The musical score for Exercise 82, "Texas Two-String," is written for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score is divided into two systems.

System 1:

- Violin:** Four measures of music. The first measure has a "4+" above the staff. The second measure has a "+" above the staff. The third measure has a "4+" above the staff. The fourth measure has a "+" above the staff. The notation includes eighth notes and quarter notes.
- Viola:** Four measures of music. The first measure has a "4+" above the staff. The second measure has a "+" above the staff. The third measure has a "4+" above the staff. The fourth measure has a "+" above the staff. The notation includes eighth notes and quarter notes.
- Cello:** Four measures of music. The first measure has a "4+" above the staff. The second measure has a "+" above the staff. The third measure has a "4+" above the staff. The fourth measure has a "+" above the staff. The notation includes eighth notes and quarter notes.
- Bass:** Four measures of music. The first measure has a "4+" above the staff. The second measure has a "+" above the staff. The third measure has a "4+" above the staff. The fourth measure has a "+" above the staff. The notation includes eighth notes and quarter notes.
- Piano:** Four measures of music. The first measure has "A sus" above the staff. The second measure has "G/A" above the staff. The third measure has "A sus" above the staff. The fourth measure has "G/A" above the staff. The notation includes chords and single notes.

System 2:

- Violin:** Four measures of music. The notation includes eighth notes and quarter notes.
- Viola:** Four measures of music. The notation includes eighth notes and quarter notes.
- Cello:** Four measures of music. The notation includes eighth notes and quarter notes.
- Bass:** Four measures of music. The notation includes eighth notes and quarter notes.
- Piano:** Four measures of music. The first measure has "A sus" above the staff. The second measure has "A/C# D" above the staff. The third measure has "D D/F# G" above the staff. The fourth measure has "A sus A D G/D D" above the staff. The notation includes chords and single notes.

Violin

4TH FINGER

Your 4th finger is often used to match the pitch of the next highest open string, creating a smoother tone and fewer changes between strings for bowing.

Viola

4TH FINGER

Your 4th finger is often used to match the pitch of the next highest open string, creating a smoother tone and fewer changes between strings for bowing.

Bass

NEW NOTES

A is played with 4 fingers on the D string in third position (III).

G is played with 1 finger on the D string in third position (III).

Bass New notes A and D in third position are introduced on student book page 23. First, have students only finger the pitches. Then, have them pizzicato the pitches. This teaching sequence will help prepare students to correctly bow the pitches.

Violin/ Viola Fourth finger on the D string is introduced on student book page 23. The fourth finger was prepared by left-hand pizzicato exercises on page 22. Be sure students hand shape is balanced on the third finger so that they can easily reach their fourth finger pitches.

Cello No new notes are presented. However, consider challenging your students by having them use II 1/2 position to play this page. Introduce this in exercise 83 by having them place their first finger on F#, 2nd finger on G, and 4th finger on A. They stay in this position until measure 7 when they will need to slide their hand lightly back to first position to play E. Remember to tell your students to keep the second finger behind the thumb at all times. Let them discover how they can use this new position to play other lines on this page.

HISTORY

German composer **Ludwig van Beethoven** (1770–1827) was one of the world's greatest composers. He was completely deaf by 1802. Although he could not hear music like we do, he could "hear" it in his mind. The theme of his final *Symphony No. 9* is called "Ode To Joy," and was written to the text of a poem by Friedrich von Schiller. "Ode To Joy" was featured in concerts celebrating the reunification of Germany in 1990.

Teacher Familiarize students with the music of Beethoven by playing recorded examples of his music in class, especially the last movement of his *Symphony No. 9* which includes the "Ode To Joy" theme.

QUIZ OBJECTIVES – ODE TO JOY

- Counting and playing quarter, eighth, and half notes in $\frac{4}{4}$ meter
- Changing bow speeds for different lengths of notes
- Violin/Viola fourth fingers

Review Exercises:

- 78. At Pierrot's Door
- 84. Four by Four
- 85. Fourth Finger Marathon

PERFORMANCE SPOTLIGHT

Teacher A PERFORMANCE SPOTLIGHT appears on student book pages 24 and 25. The purpose of these pages is to summarize some of the principal playing skills the students have learned. These pieces may be used in a special concert performance. You may wish to show the learning process through a progression of scales, rhythm studies, duets and rounds, and/or choose to showcase the orchestra arrangements. Different styles of music are included to provide a varied musical experience for both the audience and performers.

Discuss with students proper concert etiquette for both performers and audience members. Point out that performers must practice their music until it is mastered before performing. Performers must dress appropriately for the concert, and arrive on time. Once the music is ready for performance, the audience must respect the efforts of the performer by listening quietly and attentively.

Student ★ Good performers are on time with their instruments and music ready, dressed appropriately, and know their music well.

87. SCALE WARM-UP

Measures 1-4: D, A/E, D/F#, G, D/A, G/B, A7/C#, D

Measures 5-8: G/D, F#mi/C#, G/B, D/A, Emi/G, D/F#, A/E, D

Teacher Explain to students the organization of a round. Discuss with the class other examples of rounds common to American folk music, such as *Row, Row, Row Your Boat*.

88. FRÈRE JACQUES – Round (When group A reaches ②, group B begins at ①)

Moderato

French Folk Song

Violin

Viola

Cello

Bass

Piano

D A D D A D D A7 D D A7 D

The first system of the musical score for 'Frère Jacques' is in 2/4 time, key of D major. It features staves for Violin, Viola, Cello, Bass, and Piano. The Violin part starts with a first ending bracket (①) over the first four bars and a second ending bracket (②) over the next four bars. The Viola, Cello, and Bass parts follow a similar pattern. The Piano part provides harmonic support with chords D, A, D, D, A, D, D, A7, D, D, A7, D. The tempo is marked 'Moderato' and the origin is 'French Folk Song'.

Violin

Viola

Cello

Bass

Piano

D A7 D D A7 D

Repeat 4 bars on last time (to accompany the round).

D A D D A D

The second system of the musical score continues the piece. It includes staves for Violin, Viola, Cello, Bass, and Piano. The Violin part has a first ending bracket (①) over the first four bars and a second ending bracket (②) over the next four bars. The Viola, Cello, and Bass parts follow a similar pattern. The Piano part provides harmonic support with chords D, A7, D, D, A7, D. A text box indicates 'Repeat 4 bars on last time (to accompany the round)' and shows the sequence D A D D A D. The tempo is marked 'Moderato' and the origin is 'French Folk Song'.

THEORY

Chord, Harmony

Two or more pitches sounding at the same time form a **chord** or **harmony**.
Throughout this book, A = Melody and B = Harmony.

Teacher Review the definition of chords and harmony as presented. Show and demonstrate for students different examples of chords.

Bile 'Em Cabbage Down, exercise 89, is the first orchestra arrangement in this book. All arrangements can be played with many different combinations of instruments. For the best concert performance, violins should be divided between the A and B parts, and all other instruments should play part B.

89. BILE 'EM CABBAGE DOWN - Orchestra Arrangement

Allegro

American Fiddle Tune

The score is for an orchestra arrangement of the American fiddle tune "Bile 'Em Cabbage Down". It is in 4/4 time, key of D major (indicated by two sharps), and marked "Allegro". The score is divided into five systems, each with two parts: A (Melody) and B (Harmony). The instruments are Violin, Viola, Cello, Bass, and Piano. The Piano part includes chord markings: D, A7/G, D, and A7. The Bass part includes a "pizz." (pizzicato) marking. The Violin and Viola parts have "V" markings above certain notes, indicating bowing or playing techniques. The Cello and Bass parts have "V" markings above certain notes, indicating bowing or playing techniques. The Piano part has a "pizz." marking above the first measure of the B part.

91. LIGHTLY ROW - Orchestra Arrangement

Moderato

This page contains the orchestral arrangement for the piece "Lightly Row". The score is written for Violin, Viola, Cello, Bass, and Piano. The tempo is marked "Moderato". The key signature is one sharp (F#) and the time signature is 4/4. The arrangement features a melody in the Violin and Viola parts, with the Cello and Bass providing a harmonic accompaniment. The Piano part provides a steady accompaniment with chords and moving lines. The score is divided into four measures, each containing a system of staves for the Violin, Viola, Cello, Bass, and Piano. The Violin and Viola parts are marked with "V" and "4" (quartet) and "V" (viola). The Cello and Bass parts are marked with "V" and "4" (quartet). The Piano part is marked with "D" (D major) and "A7" (A7 chord). The score is written in a standard musical notation style with a key signature of one sharp and a time signature of 4/4.

Chords: D, A7, D, A, D, A7, D, A, D

5

Violin

Violin

Cello

Bass

Piano

A A7 D D/F# D A7 D A D

The musical score is for a piece in D major and 4/4 time. It features five staves: Violin (A and B), Viola (A and B), Cello (A and B), Bass (A and B), and Piano. The Violin and Viola parts have first and second endings. The Cello and Bass parts have first and second endings. The Piano part has a first ending. The key signature is D major (two sharps). The time signature is 4/4. The score includes various musical notations such as eighth notes, quarter notes, and chords. The Piano part includes chord symbols: A, A7, D, D/F#, D, A7, D, A, D.

Teacher The G string and the pitches C, B, and A are introduced for the violin, viola, and cello on student book page 26. C, B, and low G are introduced for the bass since the G string already was introduced on student book page 6. The speed of the bow should be slower on the G string than on the D and A strings. Instruct students that the lower the string, the slower the bow must travel. In addition, the bow should travel closer to the bridge on lower strings, especially on the cello and bass.

Violin

G STRING NOTES

A diagram of a violin's four strings labeled E, A, D, G from top to bottom. On the G string, four finger positions are marked with numbers 1 through 4. Below the diagram, the notes A, B, and C are indicated. A is at the first position (finger 1), B is at the second position (finger 2), and C is at the third position (finger 3).

C is played with 3 fingers on the G string.

B is played with 2 fingers on the G string.

A is played with 1 finger on the G string.

Viola

G STRING NOTES

A diagram of a viola's four strings labeled A, D, G, C from top to bottom. On the G string, four finger positions are marked with numbers 1 through 4. Below the diagram, the notes A, B, and C are indicated. A is at the first position (finger 1), B is at the second position (finger 2), and C is at the third position (finger 3).

C is played with 3 fingers on the G string.

B is played with 2 fingers on the G string.

A is played with 1 finger on the G string.

Cello

G STRING NOTES

A diagram of a cello's four strings labeled A, D, G, C from top to bottom. On the G string, four finger positions are marked with numbers 1 through 4. Below the diagram, the notes A, B, and C are indicated. A is at the first position (finger 1), B is at the second position (finger 2), and C is at the third position (finger 3).

C is played with 4 fingers on the G string.

B is played with 3 fingers on the G string.

A is played with 1 finger on the G string.

Bass

E AND A STRING NOTES

G is played with 2 fingers on the E string.

C is played with 2 fingers on the A string.

B is played with 1 finger on the A string.

The diagrams show the correct hand position and finger placement for playing G, C, and B on the E and A strings. The fretboard diagram shows the notes G, C, and B on the E and A strings, with fingerings indicated by numbers in circles.

The musical score is for the song "This Old Man" and is arranged for a string quartet and piano. It consists of five staves: Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#), and the time signature is 3/4. The Violin, Viola, Cello, and Bass parts all begin with a natural sign (0) on the first measure. The Piano part features a series of chords: G, Bmi7, Cma7, E9, Ami7, Gma7/D, Ami/D, and G. The Violin and Viola parts have a 'V' marking above the first measure. The Cello and Bass parts have a 'V' marking above the first measure. The Piano part has a 'P' marking above the first measure.

QUIZ OBJECTIVES – THIS OLD MAN

Teacher $\frac{3}{4}$ meter and dotted half notes are introduced on student book page 28 in the familiar key of D Major. Newly learned skills will be combined for review and reinforcement on Skill Builder pages, such as the G Major Skill Builder on page 31.

THEORY

Time Signature $\frac{3}{4}$ = 3 beats per measure
(Meter) $\frac{4}{4}$ = $\frac{1}{4}$ or $\frac{1}{2}$ gets one beat

Conducting  Practice conducting this three-beat pattern.

Dotted Half Note  = 3 Beats of Sound
 1 & 2 & 3 &
 ↓ = ↓ = ↓ =

Dot  A dot adds half the value of the note.

 = 2 beats + 1 beat = 3 beats

Teacher When students practice exercises on student book page 28 be sure that they count the dotted half notes carefully and move their bow slower while playing them. One suggested practice sequence is to follow the steps introduced for the previous Rhythm Raps (Teacher's Manual page 113). As students are pulling their bows, they can count 1 & 2 & etc. for the rhythm while adjusting their bow speed and tapping their foot. Alternatively, they can describe the bow speed as they are bowing, using such phrases as:

- quarter note = "fast"
- half note = "slow bow"
- dotted half note = "real slow bow"
- whole note = "real, real slow bow"

103. RHYTHM RAP *Shadow bow and count before playing.*

THEORY

Slur

A **slur** is a curved line that connects two or more **different** pitches. Play slurred notes together in the same bow stroke.

Teacher To help prepare to learn slurring, have students trill while pulling their bow in one direction. Incorporate slurred examples in their listening skill echoes. Also, consider adding slurs to the D major scale and to previously learned pieces. Another effective way to introduce slurring is to have students practice bowing two detached notes in the same direction, eventually eliminating the bow stop between the pitches, e.g.

The musical score is for the piece "Upside Down". It is written for Violin, Viola, Cello, Bass, and Piano. The key signature is D major (two sharps) and the time signature is 4/4. The score consists of five staves. The Violin, Viola, Cello, and Bass staves are grouped together with a brace on the left. The Piano part is on a grand staff (treble and bass clefs). The Violin, Viola, Cello, and Bass parts feature a melodic line with fingerings (0, 1, 2, 1) and a bowing pattern (V for up-bow, V for down-bow). The Piano part features a harmonic progression: D(add9), D, Fma7, A7sus, D(add9), D, Fma7, A7sus, Bbma7 Asus, D. The score is divided into four measures.

THEORY

Upbeat

A note (or notes) that appears before the first full measure is called an **upbeat** (or **pickup**). The remaining beats are found in the last measure.

Teacher Read the definition of upbeat presented on student book page 30. Upbeats are sometimes called pick-up notes.

118. FIROLIRALERA - Orchestra Arrangement**Allegro**Mexican Folk Song
Arr. John Higgins

This page contains the orchestral arrangement for the Mexican folk song 'Firoliralera'. The score is written for Violin, Viola, Cello, Bass, and Piano. The tempo is marked 'Allegro'. The key signature has one sharp (F#) and the time signature is 3/4. The score is divided into five systems, each with a first (A) and second (B) part. The Violin and Viola parts feature a melodic line with eighth-note patterns and occasional triplets. The Cello and Bass parts provide a harmonic foundation with eighth-note patterns. The Piano part includes chords and a bass line. The score is marked with 'Upbeats' and 'V' (Violin) throughout. The Piano part includes a 'D' (D major) chord and an 'A7' (A dominant seventh) chord.

Violin

Viola

A7

This musical score is for a string ensemble and piano. It consists of five systems of staves. The first four systems are for Violin (A and B), Viola (A and B), Cello (A and B), and Bass (A and B). The fifth system is for Piano (A and B). The key signature is one sharp (F#), and the time signature is 4/4. The score is divided into four measures. The first measure contains a bracketed section for the Violin and Viola parts. The second measure contains a bracketed section for the Cello and Bass parts. The third measure contains a bracketed section for the Piano part. The fourth measure contains a bracketed section for the Violin and Viola parts. The score includes various musical notations such as eighth notes, quarter notes, and half notes. Chord symbols D, A7, and D are written above the Piano staff in the second, third, and fourth measures respectively. The Violin and Viola parts are marked with 'V' and '0' in the first measure. The Cello and Bass parts are marked with 'V' in the first measure. The Piano part is marked with 'V' in the first measure.

Violin

Viola

Cello

Bass

Piano

D A7 D

The musical score is arranged in five systems, each with two staves (A and B). The key signature is one sharp (F#) and the time signature is 4/4. The instruments are Violin, Viola, Cello, Bass, and Piano. The score includes various musical notations such as eighth notes, quarter notes, and half notes, as well as dynamic markings like 'V' and '4'. The Piano part includes chord symbols: G, D/A, A7, and D. The Violin and Viola parts have a 'Tie' marking in the final measure.

SKILL BUILDERS - G Major

Teacher The purpose of EE SKILL BUILDERS is to summarize and reinforce playing skills that have been recently learned. The exercises are in sequential order of playing difficulty. Students should master each of the exercises in the EE SKILL BUILDERS before proceeding to the next one.

The musical score for exercise 120 is written for a string quartet and piano. It is in G major (one sharp) and 3/4 time. The score is divided into two systems. The first system features a piano accompaniment with a melody in the right hand and a bass line in the left hand. The chords indicated above the piano staff are G, D7, G, and Bmi. The string parts (Violin, Viola, Cello, Bass) play a rhythmic pattern of eighth notes in the first two measures, followed by a half note in the third measure, and a whole note in the fourth measure. The second system continues the string parts and piano accompaniment. The piano accompaniment has chords C, D7, Ami7, D7, and G indicated above the staff. The string parts play a similar rhythmic pattern, ending with a whole note in the final measure.

1. 2. Where is beat 4?

Teacher F $\sharp$ and C $\sharp$ are introduced on student book pages 32 and 33. To help prepare students to finger F $\sharp$, which requires a new finger pattern for the violin and viola, have students tap their second finger while keeping their other fingers on the string. Also, have them slide their second finger back and forth between their first and third fingers, while keeping all of their fingers on the string. Both of these rote exercises help develop finger flexibility and independence of fingers. In addition, prepare and reinforce student aural learning of F $\sharp$ by incorporating the following *Listening Skills* echo patterns for students.

Violin/Viola

NEW FINGER PATTERN

Low 2nd Finger

Step 1
Shape your left hand as shown. Be certain your palm faces you. Notice your 2nd finger lightly touches your 1st finger.

Step 2
Bring your hand to the fingerboard. Your 1st and 2nd fingers touch. There is a space between your 2nd and 3rd fingers, and between your 3rd and 4th fingers.

Violin

F is played with low 2nd finger on the D string.

Viola

F is played with low 2nd finger on the D string.

Cello

SECOND FINGER ON THE D STRING

Fis played with
2 fingers on
the D string.

Bass

SECOND FINGER ON THE D STRING

Fis played with
2 fingers on
the D string.

Listening Skills

Play what your teacher plays. Listen carefully.

1. 2.

G D/G C A^bma7 B^bma7 C C N.C.

The musical score is for a string quartet (Violin, Viola, Cello, Bass) and Piano. It is in 4/4 time and D major. The score consists of two systems. The first system has four measures. The second system has two measures, each with a first and second ending. The first ending leads back to the beginning of the first system, and the second ending leads to the final measure. The Piano part is in the bottom system, with chords and a bass line. The string parts have various fingerings and articulations indicated. The first system has a 'High 2nd finger' marking for the Violin. The second system has '1/2 step' and 'Whole step' markings for the Violin. The first ending of the second system has a '1.' marking, and the second ending has a '2.' marking. The Piano part has chords G, D/G, C, A^bma7, B^bma7, C, C, and N.C. (No Chord).

128. SPY GUY

The musical score for "SPY GUY" is arranged for Violin, Viola, Cello, Bass, and Piano. The key signature is one sharp (F#) and the time signature is common time (C). The score is divided into two systems, each with four measures.

System 1:

- Violin:** Measures 1-4. Arrows indicate bowing directions: down, up, up, down.
- Viola:** Measures 1-4. Arrows indicate bowing directions: down, up, up, down.
- Cello:** Measures 1-4. Fingering: 4, 3, 2, 3.
- Bass:** Measures 1-4. Fingering: 0, 4, 2, 4.
- Piano:** Measures 1-4. Chords: Gmi, D/F#, Bb/F, D/F#, Gmi, D/F#, D, Cmi/Eb, C.

System 2:

- Violin:** Measures 5-8. Arrows indicate bowing directions: up, down, down, up.
- Viola:** Measures 5-8. Arrows indicate bowing directions: up, down, down, up.
- Cello:** Measures 5-8. Fingering: 4, 3, 2, 1, 2, 3.
- Bass:** Measures 5-8. Fingering: 0, 4, 2, 1, 2, 4.
- Piano:** Measures 5-8. Chords: Gmi, D/F#, Bb/F, C/E, Bb/F, Bb/D, D/F#, D, Gmi.

The musical score is for a piece titled "129. MINOR DETAILS". It is written for five instruments: Violin, Viola, Cello, Bass, and Piano. The key signature is D minor (three flats) and the time signature is 4/4. The Violin and Viola parts are in the treble clef, while the Cello and Bass parts are in the bass clef. The Piano part is in the grand staff (treble and bass clefs). The score consists of four measures. The first measure has a Dmi chord, the second has an A/C# chord, the third has a Dmi chord, and the fourth has an F/A chord. The fifth measure has a C/E chord, the sixth has an F chord, the seventh has an Asus chord, the eighth has an A7 chord, the ninth has a Gmi7 chord, the tenth has an Emi7^(b5) chord, and the eleventh measure is marked "N.C." (No Chord). The Violin and Viola parts feature eighth-note patterns with accents and slurs. The Cello and Bass parts feature eighth-note patterns with slurs. The Piano part features a complex harmonic progression with chords and a final "N.C." measure.

134. BLUEBIRD'S SONG

Allegro

Texas Folk Song

The musical score for "Bluebird's Song" is arranged for a string orchestra and piano. The tempo is marked "Allegro" and the style is "Texas Folk Song". The score is in 4/4 time with a key signature of one sharp (F#).

Violin: The first staff shows a melody with eighth and sixteenth notes. The second system includes bowings and fingerings (2, 0).

Viola: The second staff provides harmonic support with similar rhythmic patterns.

Cello: The third staff includes fingerings (2, 0) and bowings.

Bass: The fourth staff includes fingerings (0, 2, 1, 0) and bowings.

Piano: The fifth staff shows the piano accompaniment with chord markings: Gma7, C/D, and D7(b9). The sixth staff continues the piano part with chord markings: Gma7, Bmi7(b5), E7(b9), Ami7, D7, Ebma7, and F6 G.

Essential Elements for Strings Correlated Literature

The Performer level of *Essential Elements for Strings* is a collection of string orchestra arrangements that only uses the rhythms, bowings, and notes introduced on student pages 1–33 (Teacher Manual pages 39–182). Contact your local music dealer for more information.

New Key Signature: C MAJOR

All notes are naturals.

THEORY

HISTORY

In the second half of the 1800s many composers tried to express the spirit of their own country by writing music with a distinct national flavor. Listen to the music of Russian composers such as Borodin, Tchaikovsky, and Rimsky-Korsakov. They often used folk songs and dance rhythms to convey their nationalism. Describe the sounds you hear.

Teacher Discuss the concept of nationalistic music. Play recordings of music by Russian composers, Borodin, Tchaikovsky and Rimsky-Korsakov. Discuss how their music is often nationalistic. Introduce recordings of other nationalistic compositions such as *Finlandia* by Sibelius and *The Moldau* by Smetana.

THEORY

Theme and Variations

Theme and Variations is a musical form where a theme, or melody, is followed by different versions of the same theme.

Teacher Contrast the differences between the musical forms of Rounds and Theme and Variations as students prepare to play exercise 142.

In exercise 142 students are given the opportunity to compose their own variation on the melody *Skip to My Lou*. Specify musical parameters to help them compose their variation. For example, suggest sample rhythms or slurring that they can use.

142. VARIATIONS ON A FAMILIAR SONG

Moderato

The musical score for Exercise 142, "Variations on a Familiar Song," is written for Violin, Viola, Cello, Bass, and Piano. The tempo is marked "Moderato." The key signature is one sharp (F#). The score is divided into two systems. The first system consists of three measures, and the second system consists of four measures. The Violin, Viola, and Cello parts feature a melody with various slurs and ties. The Bass part includes fingerings such as -4, 2, -1, 4, -4, and 1. The Piano part includes chord symbols: G, III, D7/F#, III, I, G, Gsus, and G. The score is written in a standard musical notation style with a grand staff for the strings and a grand staff for the piano.

Student Variation 2 – make up your own variation.

Teacher Student book page 36 introduces C string pitches to viola and cello students. Once learned, the cellos and violas will be prepared to play two-octave C major scales on their instruments. Be sure to incorporate listening-skill rote echoes in your teaching to help develop students' aural understanding of C string pitches.

It is important for the violas and cellos to have enough time in class to develop skill playing on their C string. Even though the following exercises are a review of previously learned pitches for the violin and bass, students must understand the importance of being patient while their classmates learn new notes. To help, a message about the importance of team work in the orchestra and special note and story writing exercises are provided in violin and bass student books.

Introduce C string pitches through listening exercises. Violin and bass students echo the pitches on their instruments in different octaves.

Viola

C STRING NOTES

F is played with 3 fingers on the C string.

E is played with 2 fingers on the C string.

D is played with 1 finger on the C string.

Cello

C STRING NOTES

F is played with 4 fingers on the C string.

E is played with 3 fingers on the C string.

D is played with 1 finger on the C string.

Violin

Viola

Cello

Bass

Piano

F C7/E Dmi F/C Ami/C

The first system of the musical score for 'Side by Side' is in 4/4 time. The Violin, Viola, Cello, and Bass parts each play a sequence of notes across four measures. The Piano part provides harmonic support with chords labeled F, C7/E, Dmi, F/C, and Ami/C. Fingerings are indicated for the strings: Violin (1, 2, 3, 4), Viola (3, 2, 1, 0), Cello (4, 3, 1, 0), and Bass (1, 2, 3, 4).

The image shows a musical score for five instruments: Violin, Viola, Cello, Bass, and Piano. The Violin, Viola, and Cello staves are in treble clef, and the Bass staff is in bass clef. The Piano part is written for both treble and bass clefs. The score is in 4/4 time and features a key signature of one sharp (F#). The Violin, Viola, and Cello parts are identical, starting with a quarter note F# and a half note G. The Bass part starts with a quarter note F# and a half note G, with fingerings 1, 2, 1, 0, 1, 2 indicated. The Piano part features a series of chords: F#sus, F#, F#sus2, F#, Gsus, G, Bsus, B, C, D, Gsus, G. The Violin, Viola, and Cello parts have a 'V' marking above the second measure. The Bass part has a 'V' marking above the second measure.

This musical score is for a string quartet and piano. It is written in D major (two sharps) and 4/4 time. The score is divided into two systems, each containing staves for Violin, Viola, Cello, Bass, and Piano.

First System:

- Violin:** Starts with a second ending bracket over measures 2-4. The melody consists of eighth and quarter notes.
- Viola:** Features a fourth finger (4) marking in measures 2 and 4.
- Cello:** Plays a steady eighth-note accompaniment.
- Bass:** Plays a steady eighth-note accompaniment.
- Piano:** Accompaniment with chords labeled D, A7, D, A7, D, A7 above the staff.

Second System:

- Violin:** Continues the melody, with a 'V' marking above measure 7.
- Viola:** Continues the line, with '4 V' markings above measures 2 and 4.
- Cello:** Continues the eighth-note accompaniment, with 'V' markings above measures 2 and 4.
- Bass:** Continues the eighth-note accompaniment, with 'V' markings above measures 2 and 4.
- Piano:** Accompaniment with chords labeled D, A7, D, A7, D, G, D above the staff.

Violin

NEW NOTE

B
is played with
4 fingers on
the E string.

Teacher The note B is introduced for the violin on student book page 39. Use the following *Listening Skills* echo patterns to help students learn this new pitch.

Staccato

Staccato notes are marked with a dot above or below the note. A staccato note is played with a stopped bow stroke. Listen for a space between staccato notes.

Teacher Staccato bowing is introduced at the top of student book page 40. Demonstrate the stroke for students. Point out how the staccato stroke begins with a slight pinch of the index finger on the bow stick. You may have students just practice the pinching motion at the balance point of their bow as a separate task before they pull the bow to start the staccato stroke. Have students practice their staccato bowing on open strings first, then on familiar scales.

Hooked Bowing

Hooked bowing is two or more notes played in the same direction with a stop between each note.

Teacher Demonstrate hooked bowing for students. Explain that hooked staccato notes simply involve bowing two staccato pitches in the same direction. As students practice their hooked bowing, their bows should completely stop between pitches. Practice hooked bowing on open strings first and then on familiar scales, as in exercises 174 and 175.

177.

This musical score is for a string quartet and piano. It features five staves: Violin, Viola, Cello, Bass, and Piano. The key signature is one flat (B-flat) and the time signature is 3/4. The Violin, Viola, and Cello parts are written in treble clef, while the Bass part is in bass clef. The Piano part is written in grand staff (treble and bass clefs). The score includes fingerings (0, 1, 2, 3, 4) and articulation marks (accents) for the string parts. The Piano part includes chord symbols: C, G7, C, Emi, F, G7, Dmi, G7, C.

178.

This musical score is for a string quartet and piano. It features five staves: Violin, Viola, Cello, Bass, and Piano. The key signature is one flat (B-flat) and the time signature is 2/4. The Violin, Viola, and Cello parts are written in treble clef, while the Bass part is in bass clef. The Piano part is written in grand staff (treble and bass clefs). The score consists of 16 measures. The first measure has a key signature change from one flat to two flats (B-flat and E-flat). The second measure has a time signature change from 2/4 to 3/4. The third measure has a time signature change from 3/4 to 2/4. The fourth measure has a time signature change from 2/4 to 3/4. The fifth measure has a time signature change from 3/4 to 2/4. The sixth measure has a time signature change from 2/4 to 3/4. The seventh measure has a time signature change from 3/4 to 2/4. The eighth measure has a time signature change from 2/4 to 3/4. The ninth measure has a time signature change from 3/4 to 2/4. The tenth measure has a time signature change from 2/4 to 3/4. The eleventh measure has a time signature change from 3/4 to 2/4. The twelfth measure has a time signature change from 2/4 to 3/4. The thirteenth measure has a time signature change from 3/4 to 2/4. The fourteenth measure has a time signature change from 2/4 to 3/4. The fifteenth measure has a time signature change from 3/4 to 2/4. The sixteenth measure has a time signature change from 2/4 to 3/4. The Piano part includes chord markings: C, F, C, G7, and C.

Dynamics

Dynamics tell us what volume to play or sing.

f (forte)

Play loudly. Add more weight to the bow.

p (piano)

Play softly. Remove weight from the bow.

Teacher The definition of forte and piano dynamics is given at the top of student book page 42. Play listening skill exercises incorporating different dynamic levels in preparation for exercises 181 and 182.

181. FORTE AND PIANO

Student books have repeats,
not 1st and 2nd endings.

The musical score for exercise 181, titled "FORTE AND PIANO", is written for a string quartet and piano. The score is in 4/4 time and consists of two systems. The first system includes staves for Violin, Viola, Cello, and Bass, all starting with a forte (*f*) dynamic. The second system includes a Piano part, starting with a forte (*f*) dynamic. The score is divided into two sections: a first ending (1.) and a second ending (2.). The first ending is marked with a repeat sign and a first ending bracket. The second ending is marked with a repeat sign and a second ending bracket. The Piano part includes chord markings: Cmi, A^b, E^b, F, F, and C. The Violin, Viola, Cello, and Bass parts include dynamic markings: *f* and *p*. The Piano part includes dynamic markings: *f* and *p*.

Teacher Familiarize students with the music of Franz Josef Haydn by playing recorded examples of his music, including the second movement of his Symphony No. 94 that contains *The Surprise Symphony* theme in exercise 182.

182. SURPRISE SYMPHONY THEME

Andante

Franz Josef Haydn

The musical score for the Surprise Symphony Theme by Franz Josef Haydn, measures 1-9, is presented for Violin, Viola, Cello, Bass, and Piano. The tempo is marked Andante. The key signature has one flat (B-flat major or D minor). The time signature is common time (C).

Violin: Measures 1-4 are marked *p*. Measure 5 has an accent and is marked *f*. Measures 6-9 are marked *p*. Fingering 1-4 is indicated in measure 9.

Viola: Measures 1-4 are marked *p*. Measure 5 has an accent and is marked *f*. Measures 6-9 are marked *p*. Fingering 1-4 is indicated in measure 9.

Cello: Measures 1-4 are marked *p*. Measure 5 has an accent and is marked *f*. Measures 6-9 are marked *p*. Fingering 1-4 is indicated in measure 9.

Bass: Measures 1-4 are marked *p*. Measure 5 has an accent and is marked *f*. Measures 6-9 are marked *p*. Fingering 1-4 is indicated in measure 9.

Piano: Measures 1-4 are marked *p*. Measure 5 has an accent and is marked *f*. Measures 6-9 are marked *p*. Chord symbols are provided above the staff: C, F6, G, C, Ami, D, G, G7, C/G, G.

Teacher *EE SKILL BUILDERS – SCALES and ARPEGGIOS* reviews and reinforces all the scales, and their related arpeggios, presented in this book.

PERFORMANCE SPOTLIGHT

Teacher The following orchestra arrangements in the *PERFORMANCE SPOTLIGHT* are found on student book pages 43–44. The A and B parts for each instrument section may be combined in any way. All instruments have been provided with melody parts. However, for performance purposes the arrangements are designed for the violins to be divided between parts A and B and for all other instruments to perform part B.

188. CRIPPLE CREEK – Orchestra Arrangement (A = Melody and B = Harmony)

American Folk Song
Arr. Michael Allen

Allegro

The arrangement is for the song "Cripple Creek" in 4/4 time, marked Allegro. It features five instrument sections, each with two staves labeled A and B. The key signature has one sharp (F#) and the time signature is 4/4. The dynamics are marked *f* (forte) for all parts. The Violin and Viola parts have a *f* dynamic at the beginning. The Cello and Bass parts have a *f* dynamic at the beginning. The Piano part has a *f* dynamic at the beginning. The arrangement includes fingerings and bowings for the string parts. The Piano part includes chords: D, G/D, G6, G, and D. The arrangement is designed for the violins to be divided between parts A and B, and for all other instruments to perform part B.

Violin

Viola

Cello

Bass

Piano

Chords: D, G/D, G6, G, D

Violin

Viola

Cello

Bass

Piano

D A7sus/D D D A7sus/D A7 D

The musical score is arranged in five systems. The first four systems are for Violin, Viola, Cello, and Bass, each with two staves (A and B). The fifth system is for Piano, with two staves. The key signature is one sharp (F#). The Violin part features a melodic line with eighth and sixteenth notes. The Viola, Cello, and Bass parts provide harmonic support with sustained notes and some movement. The Piano part includes chordal textures and a bass line. Chord symbols are written above the piano staves: D, A7sus/D, D, D, A7sus/D, A7, and D.

THEORY

Africa is a large continent made up of many nations, and African folk music is as diverse as its many cultures. This folk song is from Kenya. The words describe warriors as they prepare for battle. Listen to examples of African folk music and describe the sound.

Teacher Play recordings of African folk music and have students describe the sounds they hear.

189. TEKELE LOMERIA - Orchestra Arrangement

Kenyan Warrior Song
Arr. John Higgins

Moderato

The score is for an orchestra arrangement of 'Tekele Lomeria', a Kenyan warrior song. It is in 4/4 time and marked 'Moderato'. The arrangement includes parts for Violin (A and B), Viola (A and B), Cello (A and B), Bass (A and B), and Piano. The tempo is 'Moderato'. The key signature has one sharp (F#). The score is written in treble and bass clefs. The Violin and Viola parts start with a forte (f) dynamic. The Cello and Bass parts also start with a forte (f) dynamic. The Piano part starts with a forte (f) dynamic. The score includes various musical notations such as notes, rests, and dynamic markings. The Bass part includes fingerings (1, 2, 3, 4, 0, -1, -2) and a 'f III' marking. The Piano part includes chord symbols (D5, Dmi, C5) and a 'f' marking. The score is arranged in a system with five staves. The Violin and Viola parts are in the top two staves. The Cello and Bass parts are in the middle two staves. The Piano part is in the bottom staff. The score is written in a standard musical notation style.

This musical score is for a string ensemble and piano, spanning four measures. The instruments are Violin (A and B staves), Viola (A and B staves), Cello (A and B staves), Bass (A and B staves), and Piano (Grand staff). The score features a dynamic contrast between *p* (piano) and *f* (forte) across the measures. The Piano part includes specific chord markings: Dmi7, C5, Dmi7, C5, A5, and Dmi.

Violin

D.C. al Fine

D.C. al Fine

This musical score is for a string ensemble and piano. It consists of five systems of staves. The first system is for Violin, with staves A and B. The second system is for Viola, with staves A and B. The third system is for Cello, with staves A and B. The fourth system is for Bass, with staves A and B. The fifth system is for Piano, with staves A and B. The key signature is one sharp (F#). The time signature is 4/4. The score includes various musical notations such as eighth notes, quarter notes, and chords. The first system has a 'D.C. al Fine' instruction at the end. The fifth system has a 'D.C. al Fine' instruction at the end. The piano part includes chord markings: D, A7, and D.

191. ROCKIN' STRINGS - Orchestra Arrangement

Moderato

John Higgins

This musical score is for a string ensemble and piano. It is written for Violin (A and B), Viola (A and B), Cello (A and B), Bass (A and B), and Piano. The key signature is one sharp (F#) and the time signature is 4/4. The score is divided into five systems. The first four systems are for the string instruments, and the fifth system is for the piano. The piano part includes a bass line and a treble line with chords. The string instruments play a rhythmic pattern of eighth and sixteenth notes, with some measures containing triplets. The piano part features a series of chords: D7, G/D, Ami/D, G/D, D7, G/D, Ami/D, G/D, D7, G/D, Ami/D, G/D, and D7 N.C. The score is marked with a forte (f) dynamic throughout.

2. D7

Detailed description: This is a page of musical notation for a string quartet and piano. The score is written for Violin (A and B staves), Viola (A and B staves), Cello (A and B staves), Bass (A and B staves), and Piano (Grand staff). The key signature is one sharp (F#), and the time signature is 4/4. The Violin and Viola parts feature a melodic line with first and second endings. The Cello and Bass parts provide a rhythmic foundation with eighth-note patterns. The Piano part includes a complex accompaniment with chord symbols: G7, C/G, Dmi/G, C/G, G7, C/G, Dmi/G, G, D7, G/D, Ami/D, G/D. The first ending of the Piano part leads to a D7 chord, and the second ending leads to an A7 chord. The Bass part includes fingering (1, -2, 4, 2, -1) and bowing (II, I) markings.

Shaker Folk Song
Arr. John Higgins

This musical score is for a string quartet and piano. It consists of five systems of staves. The first four systems are for Violin (A and B), Viola (A and B), Cello (A and B), and Bass (A and B). The fifth system is for Piano (A and B). The key signature is D major (two sharps). The time signature is 4/4. The score includes various musical notations such as eighth notes, sixteenth notes, and rests. Fingerings are indicated by numbers 1-4. Vibrato marks (V) are present above many notes. The Piano part includes chord symbols: D, Bmi7, G(add9), D, G6/9, and A. The score is marked with a forte (f) dynamic and includes Roman numerals III and I.

Piano B: *f* (opt.)

The musical score is for a piece in D major, 4/4 time. It features five staves: Violin (A and B), Viola (A and B), Cello (A and B), Bass (A and B), and Piano (A and B). The Violin and Viola parts have first and second endings marked with '4' and '0'. The Cello and Bass parts have first and second endings marked with 'V'. The Piano part has a first ending marked with 'D' and a second ending marked with 'opt.'. The key signature is one sharp (F#) and the time signature is 4/4. The dynamics are marked *f* (forte) for all parts. The piece ends with a repeat sign and a first ending marked 'D' and a second ending marked 'opt.'.

This musical score is for measures 19 through 24 of a piece. It features five staves: Violin (A and B), Viola (A and B), Cello (A and B), Bass (A and B), and Piano. The key signature is D major (two sharps). The time signature is 4/4. The score includes various musical notations such as eighth notes, sixteenth notes, and rests. Dynamics include *p* (piano). The Piano part includes chord symbols: D, D/C#, Bmi7, D/A, G6/9, D/F#, and A/G. The measure numbers 19, 20, 21, 22, 23, and 24 are indicated at the top of the score.

Essential Elements for Strings Correlated Literature

Students will enjoy playing their own special part in other string orchestra arrangements. The Artist level of *Essential Elements for Strings* series is a collection of string orchestra arrangements that only use the rhythms, bowings, and notes that are introduced on pages student book page 1–42 (Teacher Manual pages 39–233). See your Hal Leonard dealer for the latest releases.

PERFORMANCE SPOTLIGHT - Violin

Solo with Piano Accompaniment

A solo is a composition written for one player, often with piano accompaniment. This solo was written by **Johann Sebastian Bach** (1685-1750). You and a piano accompanist can perform for the orchestra, your school, your family, and at other occasions. When you have learned the piece well, try memorizing it. Performing for an audience is an exciting part of being involved in music.

Teacher Each instrument has its own solo as a part of *PERFORMANCE SPOTLIGHT* on student book page 46. The solos may be used as a new musical experience for the string student and as a reward for effort and achievement. The corresponding piano accompaniments are included in each student book. Consider featuring these solos on concerts, performed by individual students or by instrument sections.

PERFORMANCE SPOTLIGHT - Viola

Solo with Piano Accompaniment

A solo is a composition written for one player, often with piano accompaniment. This solo was written by **Johann Sebastian Bach** (1685–1750). You and a piano accompanist can perform for the orchestra, your school, your family, and at other occasions. When you have learned the piece well, try memorizing it. Performing for an audience is an exciting part of being involved in music.

193. MINUET IN C - Solo

Moderato

Johann Sebastian Bach
Arr. John Higgins

The musical score for "Minuet in C" is presented in four systems. Each system consists of a Viola part (top staff) and a Piano part (bottom staff). The Viola part is written in treble clef with a key signature of one flat (B-flat) and a time signature of 3/4. The Piano part is written in grand staff (treble and bass clefs) with a key signature of one flat and a time signature of 3/4. The tempo is marked "Moderato". The dynamics for the Viola part are *f/p* (forte/piano) in the first system, *p* (piano) in the second system, *f* (forte) in the third system, and *f* (forte) in the fourth system. The dynamics for the Piano part are *f/p* in the first system, *p* in the second system, *f* in the third system, and *f* in the fourth system. The score includes various musical notations such as notes, rests, and dynamics.

PERFORMANCE SPOTLIGHT - Cello**Solo with Piano Accompaniment**

A solo is a composition written for one player, often with piano accompaniment. This solo was written by **Johann Sebastian Bach** (1685–1750). You and a piano accompanist can perform for the orchestra, your school, your family, and at other occasions. When you have learned the piece well, try memorizing it. Performing for an audience is an exciting part of being involved in music.

193. MINUET NO. 2 - Solo*Moderato*

Johann Sebastian Bach
Arr. John Higgins

The musical score for Minuet No. 2 is presented in two systems. The first system covers measures 1 through 8, and the second system covers measures 9 through 24. The Cello part is written in bass clef, and the Piano part is written in treble and bass clefs. The score includes fingerings, dynamics (f, p), and articulation marks (accents, slurs). Measure numbers 9 and 17 are indicated in boxes.

PERFORMANCE SPOTLIGHT - Bass

Solo with Piano Accompaniment

A solo is a composition written for one player, often with piano accompaniment. This solo was written by **Johann Sebastian Bach** (1685–1750). You and a piano accompanist can perform for the orchestra, your school, your family, and at other occasions. When you have learned the piece well, try memorizing it. Performing for an audience is an exciting part of being involved in music.

193. MARCH IN D – Solo

Moderato

Johann Sebastian Bach

Arr. John Higgins

Sheet music for **193. MARCH IN D – Solo**, Moderato, by Johann Sebastian Bach, arranged by John Higgins. The score is written for Bass and Piano.

The music is in D major (two sharps) and 4/4 time. The tempo is Moderato. The score consists of five systems of music, each with a Bass staff and a Piano staff.

System 1: Bass staff begins with a forte (*f*) dynamic. Piano staff begins with a forte (*f*) dynamic. The system ends with a piano (*p*) dynamic marking.

System 2: Bass staff includes a measure marked with a box containing the number 9. The system ends with a forte (*f*) dynamic marking.

System 3: Bass staff includes a measure marked with a box containing the number 17. The system ends with a piano (*p*) dynamic marking.

System 4: Bass staff includes a measure marked with a box containing the number 17. The system ends with a forte (*f*) dynamic marking.

System 5: Bass staff includes a measure marked with a box containing the number 17. The system ends with a piano (*p*) dynamic marking.

The score includes various musical notations such as slurs, ties, and dynamic markings (*f*, *p*) to guide the performer.

THEORY

Improvisation

Improvisation is the art of freely creating your own music as you play.

Teacher Students are given the opportunity to apply rhythms of their choice to the pitches provided in exercise 194, *Rhythm Jam*. Remind students that there must be a total of four beats in each measure. Inform them that they can use a variety of bowings including slurs, staccato and/or hooked bowings. Give students the opportunity to perform their examples in class. Some may even be selected to perform on a concert to reinforce and reward student creativity.

194. RHYTHM JAM Using the following notes, improvise your own rhythms.

The musical score for exercise 194, "Rhythm Jam", is written for four instruments: Violin, Viola, Cello, and Bass. The key signature is one sharp (F#) and the time signature is 4/4. The score consists of eight measures. The notes are pre-arranged as follows:

Measure	Violin	Viola	Cello	Bass
1	G4	F#3	F#3	F#3
2	A4	G3	G3	G3
3	B4	A3	A3	A3
4	C5	B3	B3	B3
5	D5	C4	C4	C4
6	E5	D3	D3	D3
7	F#5	E3	E3	E3
8	G5	F#3	F#3	F#3

Teacher Give students parameters when they begin to create their improvised melody in exercise 195. For example, instruct students to select pitches only from the D major scale. Also, remind them that there must be four beats in each measure. Consider limiting rhythmic values that students may use to help them in their creativity, e.g. using only quarter and half notes, or quarter and eighth notes. Suggest that their melody will sound more natural if it begins and ends on the pitch D. Have students write out their improvised melodies to reinforce their note and rhythmic reading. Allow students to perform their melodies while accompanied by other students playing the B line. Select students to play their newly created, improvised melodies on a concert.

195. INSTANT MELODY Using the following notes, improvise your own melody (Line A), to go with the accompaniment (Line B).

Violin

Violoncello

Bass

Each staff (Violin, Viola, Cello, Bass) contains two lines of music. Line A is the improvisation line, and Line B is the accompaniment line. The accompaniment is a steady eighth-note pattern: D, E, F#, G, A, B, C#, D. The improvisation line is left blank for the student to write their own melody using the notes from the previous section.

Teacher The following fingering charts appear on page 47 of each student book.

Violin

VIOLIN FINGERING CHART

String	Fingering 1	Fingering 2	Fingering 3	Fingering 4

Teacher The following may be photocopied and used as a student handout for instrument care.

**TIPS FOR CARING FOR YOUR INSTRUMENT:
WHAT TO DO AND WHAT NOT TO DO!**

String instruments can last forever, but are easily damaged. To protect your instrument, be sure to follow these guidelines:

1. Never touch the bow hair, or the wooden part of the instrument with your hands.
2. Protect your instrument from extreme heat, cold, and quick temperature changes.
3. Wipe any rosin off your instrument with a soft cloth.
4. Place a cloth over your violin or viola before closing your case. Be sure to latch the case.
5. Loosen the bow hair after every use. Tighten it the same amount every time before playing.
6. Keep your instrument away from those who do not know how to properly care for it.
7. Do not attempt to repair your instrument. Tell your teacher or qualified music dealer if something needs to be fixed.

GUIDELINES FOR SELECTING THE CORRECT SIZED STRING INSTRUMENT FOR YOUR STUDENTS

Instrument	Size	Left Hand Span (Between pinky and index fingers)	Left Arm Length (From shoulder sleeve to end of middle finger)	Height
Violin	Full	5–6 inches	over 24 inches	
	3/4	4 1/2–5 inches	21–24 inches	
	1/2	4–4 1/2 inches	18–21 inches	
	1/4	3 1/2–4 inches	under 18 inches	
*Viola	16 inch	6 inches or more	28 inches or more	
	15 1/2 inch	6 inches	26–27 inches	
	15 inch	5–6 inches	25 inches	
	14 inch	5–6 inches	24 inches	
	13 1/4 inch	4 1/2–5 inches	21–24 inches	
Cello	Full	6 inches	24 inches	60 inches
	3/4	5 inches	22 inches	56 inches
	1/2	4 inches	20 inches	52 inches
	1/4	3 inches	18 inches	48 inches
Bass	3/4	6 1/2 inches	24 inches	over 60 inches
	1/2	5 3/4 inches	22 inches	56 inches
	1/4	5 inches	20 inches	52 inches

* A 3/4 violin and a junior viola are the same length. A full size violin is the same length as an intermediate viola.

Teacher This keyboard diagram can be used as a visual aid to help you explain to your students half steps and whole steps. You may make photocopies of this keyboard for use by your students.

WORDS TO FAMILIAR MELODIES

The following are words to some of the familiar melodies that appear throughout this method. They are provided as a resource when teaching students to play the melodies on their string instruments.

Hot Cross Buns

Hot cross buns! Hot cross buns!
One, a pen-ny, Two, a pen-ny, Hot cross buns!

Michael Row the Boat Ashore

Mi-chael, row the boat a shore, Al-le-lu-ya
Mi-chael, row the boat a shore, Al-le-lu-ya.
Sis-ter, help to trim the sail, Al-le-lu-ya
Sis-ter, help to trim the sail, Al-le-lu-ya.
Mi-chael's boat is a gos-pel boat, Al-le-lu-ya
Mi-chael's boat is a gos-pel boat, Al-le-lu-ya.
Jor-dan's riv-er is chill-y and cold, Al-le-lu-ya
Jor-dan's riv-er is chill-y and cold, Al-le-lu-ya.
Jor-dan's riv-er is deep and wide, Al-le-lu-ya
Meet my moth-er on the oth-er side, Al-le-lu-ya.

Good King Wenceslas

Good King Wen-ces-las looked out,
On the feast of Ste-phen,
When the snow lay 'round a-bout,
deep and crisp and e-ven.

Old MacDonald

Old MacDonald had a farm, E-I-E-I-O
And on his farm he had a cow, E-I-E-I-O
With a moo-moo here, and a moo-moo there
Here a moo, there a moo
Everywhere a moo-moo
Old MacDonald had a farm, E-I-E-I-O.

Old MacDonald had a farm, E-I-E-I-O
And on his farm he had a pig, E-I-E-I-O
With a snort, snort here, and snort, snort there
Here a snort, there a snort
Everywhere a snort, snort
With a moo-moo here, and a moo-moo there
Here a moo, there a moo
Everywhere a moo-moo
Old MacDonald had a farm, E-I-E-I-O.

Pop Goes the Weasel

Round and round the cobbler's bench
The monkey chased the weasel,
The monkey thought 'twas all in fun
Pop! Goes the weasel.

Dreidel

I have a little dreidel
I made it out of clay
And when it's dry and ready
Then dreidel I shall play.

Chorus:

Dreidel, dreidel, dreidel
I made it out of clay
Dreidel, dreidel, dreidel
Then dreidel I shall play.

This Old Man

This old man, he played one
He played knick-knack on my thumb
Knick-knack paddywhack, give your dog a bone
This old man came rolling home.

This old man, he played two
He played knick-knack on my shoe
Knick-knack paddywhack, give your dog a bone
This old man came rolling home.

Long, Long Ago

Tell me the tales
That to me were so dear,
Long, long ago,
Long, long ago:
Sing me the songs
I delighted to hear,
Long, long ago,
Long ago.

Jingle Bells

Jingle bells, jingle bells
Jingle all the way
Oh what fun it is to ride
In a one-horse open sleigh.
O Jingle bells, jingle bells
Jingle all the way
Oh what fun it is to ride
In a one-horse open sleigh.

Teacher The following are standards established by the American String Teachers Association with the National School Orchestra Association for successful string/orchestra teaching in the schools. Use the standards as goals and guidelines in evaluating and developing your teaching skills.

**AMERICAN STRING TEACHERS ASSOCIATION with
NATIONAL SCHOOL ORCHESTRA ASSOCIATION**

STANDARDS FOR SUCCESSFUL SCHOOL STRING/ORCHESTRA TEACHING

I. As a Musician

1. demonstrates a high level of musicianship in performance
2. performs at an intermediate to advanced level on at least one string instrument
3. demonstrates at least basic to intermediate performance concepts on one string instrument and understands advanced and artistic concepts on other string instruments
4. demonstrates ability to play by ear and improvise
5. demonstrates a basic knowledge of performing and teaching the woodwind, brass, and percussion instruments at least at a basic level, with an understanding of intermediate to advanced concepts
6. demonstrates orchestral conducting skills
7. demonstrates keyboard skills of at least a basic to intermediate level and accompanies melodies using at least I-IV-V chords
8. demonstrates aural discrimination skills
9. demonstrates the understanding of prevention of performance injuries
10. demonstrates the knowledge of a wide range of music repertoire for teaching diverse styles, genres, cultures and historical periods

II. As an Educator

1. understands and applies pedagogy for violin, viola, cello and bass
2. demonstrates effective rehearsal techniques for string and full orchestra
3. demonstrates the knowledge of a variety of string and orchestral instruction materials at all levels
4. demonstrates the knowledge of repertoire for student performance, including solo literature, orchestra music, and chamber music
5. demonstrates skill in arranging music for school orchestras
6. demonstrates strategies for integrating music with other disciplines
7. understands different student learning styles, levels of maturation, special needs, and adapts instruction accordingly
8. demonstrates knowledge of comprehensive, sequential K-12 music curricula, including string and orchestra, with appropriate goals and expectations for all levels of proficiencies
9. demonstrates understanding of the principles of a variety of homogeneous and heterogeneous pedagogical approaches for teaching string classes (Suzuki, Rolland, Bornoff, e.g.)
10. exhibits effective classroom management skills and strategies
11. demonstrates understanding of how to teach students of diverse ages, socio-economic, ethnic, and geographic backgrounds
12. demonstrates effective methods of assessing and evaluating student achievement
13. knows about instrument rental and purchasing
14. knows current technology for instruction, research, and musical applications
15. knows of current music and general education policies, including current scheduling practices for successful string and orchestra programs
16. demonstrates ability to gather pertinent orchestra program data
17. understands the importance of maintaining a balance between personal and career interests
18. demonstrates ability to develop budgets for equipment and supplies
19. demonstrates understanding of effective advocacy strategies for comprehensive music programs which include string/orchestra programs
20. demonstrates clear communication in written and oral form
21. demonstrates understanding of the K-12 National Music Education Standards and other state and local standards for music

III. As a Professional

A. Musician

1. continues to perform
2. demonstrates concepts and understandings necessary for student achievement of Grade 12 National Music Education Standards
3. exhibits effective, on-going professional self-assessment
4. continues to pursue opportunities for learning as a musician

B. Professional Affiliations and Related Activities

1. maintains active involvement in professional associations, such as MENC, ASTA/NSOA, SSA, CMA
2. continues to interact with other music educators, observes other programs
3. demonstrates professional ethics, appearance, behavior, and relationships within the profession, the school, and greater community
4. participates in ongoing professional development to improve teaching effectiveness
5. serves in leadership roles with state and local MEA's, ASTA/NSOA chapters

C. School and Community Relations

1. develops a healthy rapport with school administrators for nurturing a successful string and orchestra program
2. understands the value of positive interaction with other members of the music and arts community
3. establishes and maintains positive relations with school administrators, staff, and fellow teachers through communication and dialogue
4. articulates the positive aspects of the string/orchestra component of a school music program through writing and speaking
5. communicates effectively with parent support/booster groups, including clear and grammatically correct communication
6. advocates effectively for a strong school orchestra program

Resources

Additional resources to make learning more fun

- Videos – getting started, playing basics, and more
- More music, including duets and trios to play along with friends
- Additional mp3s and links to exciting new music

Plus many other helpful tools...

To set-up your Essential Elements Interactive account, go to:

www.essentialelementsinteractive.com

Enter Teacher Activation Code found on the CD-ROM sleeve.

Additional Tools:

smartmusic.

SmartMusic Software*

- Practice and record with on-screen assessment
- Play at any tempo, and with a metronome
- Check the fingering of any note
- Save a performance, email or burn a CD to share
- Tune with the on-screen tuner

*Free SmartMusic EE Teacher Account includes all exercises. Student accounts include ex. 1–100 for free.

finale
NOTEPAD®

Finale Notepad

- Learn basic music writing skills
- Hear playback
- Save, print, and email a file

SmartMusic™ requires a PC or Mac computer, a microphone and an internet connection.

Finale NotePad™ requires a PC or Mac computer and an internet connection to install.

To download and install, go to **halleonard.com/ee/software**
